ZILKE'S

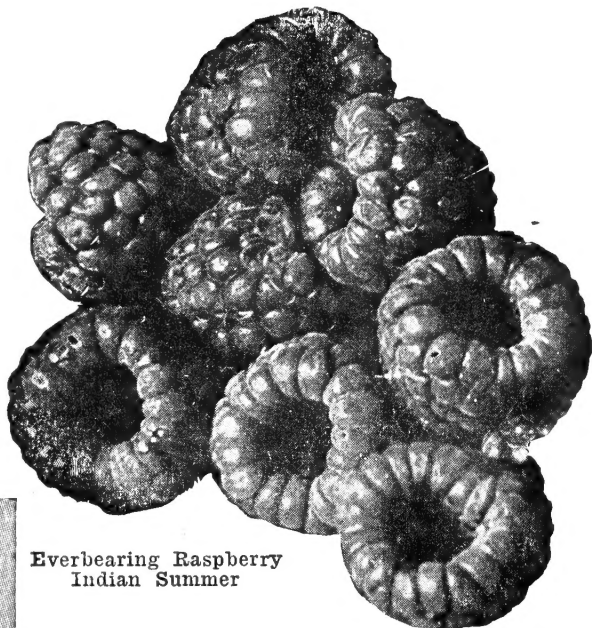

1946 BARGAIN BOOK

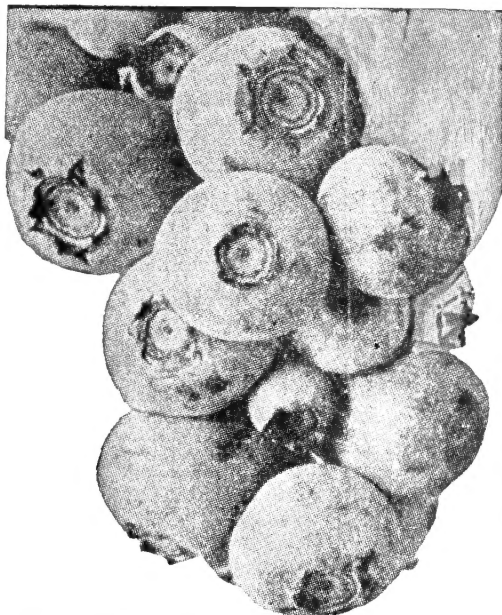

EVERBEARING RASPBERRY INDIAN SUMMER

Indian Summer is the new two-crop, everbearing Red Raspberry. It bears in July like any other red raspberry, also in the fall, beginning in September on the new growth, and continues until frost. The berries are large, conical shape, and of extra fine quality. This variety is by far the best everbearing.

FOR PRICES SEE PAGE 12.

Everbearing Raspberry
Indian Summer

Giant Blueberries

GIANT BLUEBERRIES

Just Think! Giant berries, many three-fourths of an inch across. Plump and juicy, sweet and full-flavored. Mild enough to be included in any diet. Fresh ripe berries require no sugar, canned berries very little. Ideal for freezing and very delicious for pies. Every bush is a heavy producer, four bushes in your yard will provide enough berries for pies throughout the season.

SEE PAGE 2 FOR PRICES.

Michigan

GIANT BLUEBERRIES

Not only does the blueberry produce big juicy berries 2 to 3 times as large as common blueberries, but it is ornamental on the lawn or in the shrubbery border and very easy to grow. The foliage is dark green, long and narrow, blossoms bell-shaped and pinkish white. During the autumn the leaves turn bronze, and during the winter months the twigs are red. The bushes will grow to the height of 8 feet.

For best results plant on acid soil. Low muck or sand soils are usually very acid. Plant two or more plants to insure proper pollination, about 5 feet apart. If your soil

Giant Blueberries

is not acidity, mix the soil with old sawdust or soil from the bottom of an old wood pile. When using sawdust dig the hole about 12 inches deeper than is required and fill the bottom with this sawdust mixed with regular soil. Set the plant and fill the hole with the same mixture and keep the soil moist. Write the U. S. Department of Agriculture, Washington, D. C., for Bulletin on Cultivated Blueberries. It's FREE.

RANCOCAS—Early to Midseason. Very productive. Fruit is sweet and of fine flavor.

JERSEY—Midseason to late. Bushes grow upright, fruit is extra large and firm, good quality.

RUBEL—Midseason. The bush is upright, very vigorous, hardy and productive. Large berries. Good shipper.

The Zilke Guarantee of Satisfaction

We guarantee all plants and seeds sold by us to be State Inspected and apparently free from disease and insect pests. We also guarantee them true-to-name, and will replace, free of charge any that may prove otherwise through possible error.

Rudolph H. Zilke, Jr.

We guarantee all plants, trees, shrubs, bulbs and seeds to reach you in good growing condition or will replace any stock that arrives in poor condition, if we are notified within five days after you receive the shipment. It is mutually agreed between ourselves and the customers that we shall not be liable for more than the original purchase price.

We guarantee to replace any stock, at one-half of the catalog price that does not live the first season, if you think it was the fault of the stock in any way, providing the complaint is received by us before October 1st of the year planted. It is impossible for us to consider any claim made after October 1st.

Elmer H. Zilke

5% DISCOUNT ON ORDERS MAILED BEFORE MARCH 10, 1946

We cannot allow discounts on Special Offers or Collections

Dear Friend Customer:

As this is our only salesman, we again take the pleasure in coming to you with this small catalog of big nursery bargains. We again offer you the highest quality hardy northern grown stock at wholesale prices. Through these annual catalogs and your business with us we feel acquainted with you. Whether your order is for \$1.00 or \$50.00 it will receive our personal attention and you will get a square deal.

You probably will receive a great number of catalogs this spring, listing many varieties of fruit of every description, but just remember that the Zilke Nursery is offering only the best of each class, the kinds that produce the most and best crops or fruits, that thrive and show the most natural disease resistance. Every plant, tree, shrub, bulb and seed that we offer is State inspected and free from disease.

Varieties are an important consideration in planning either your fruit garden or your ornamental planting. Some of the old varieties are still in first rank, but many must give up their places to the newer and finer kinds. We urge you to give the new Red Haven Peach, Minnesota 1166 Everbearing Strawberry, Everbearing Rhubarb, Thornless Boysenberry and the new Blueberry plants a fair trial. We feel sure you will be more than pleased with the results.

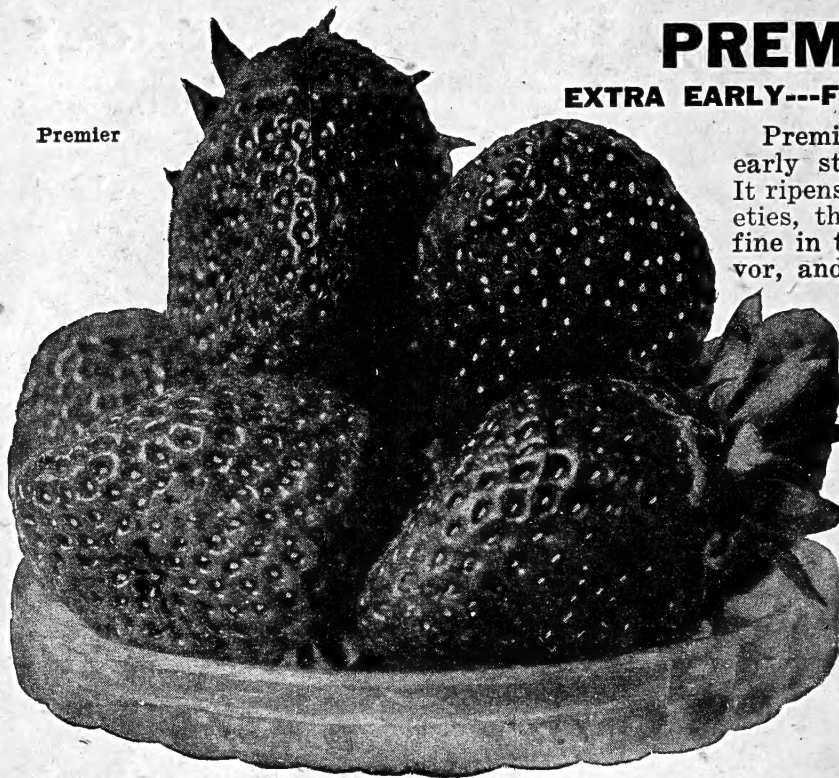

Here at the Zilke Nursery we utilize every known scientific method of selection, breeding, production and protection in shipment that will insure your getting perfect plants in perfect condition, with strong, fibrous roots for quick, sure growth.

It will be our constant study in the future, as it has been in the past, to give perfect satisfaction to our old customers as well as our new ones who entrust their order with us. Our success, we feel confident, depends wholly on the satisfaction we may be able to give our customer friends.

Yours very truly,

ZILKE BROS. NURSERY

Premier

PREMIER

EXTRA EARLY---FROST PROOF

Premier is the greatest extra early strawberry of all times. It ripens ahead of all other varieties, the fruit is rich in color, fine in texture, excellent in flavor, and of unusual quality for shipping. Foliage is tough and healthy, covering blossoms and berries and protecting them from frost and scalding sun. The plants are sturdy, and long rooted, a good drought resister. While Premier ripens early, it is very resistant to frost and matures its heavy crop of berries so that they can be marketed while prices are the highest. No other variety will give you more pleasure,

satisfaction and profit. Perfect flowering. Prices: 25 plants \$0.95; 50 for \$1.65; 100 for \$2.75; 250 for \$5.85; 500 for \$8.75; 1000 for \$15.50.

NEW ROBINSON

New Giant, Long Season Strawberry

This variety was found here in Berrien County, Michigan, several years ago and has been thoroughly tested and by this time known as the best late strawberry to grow. Robinson is a very large, round, shapely, dark red berry which topped the market last summer. Robinson is the largest berry we have ever seen, in fact we have seen 30 berries fill a quart box, the color is a cardinal red; berries have a firm tough skin, and are honey-sweet in flavor. Very good plant maker in most any kind of soil. Plant Premier and Robinson and you will have berries over the entire season. Robinson starts fruiting soon after Premier and continues through the late berry season, matchless in beauty, flavor and quality. Prices: 25 plants \$0.85; 50 for \$1.50; 100 for \$2.50; 250 for \$5.50; 500 for \$8.00; 1000 for \$14.00.

WARNING

During these times and conditions, no one can afford to waste time or money on strawberry plants that some times fail to produce good crops.

That is why we list only such varieties as Premier, Robinson, Dunlap, Minnesota No. 1166, Streamliner and Gem. These are sure to make good anywhere.

DUNLAP

The King of the Canners

If you love shortcake, you will appreciate one made with Dunlap, and a can of them during the winter months is a treat. Both the canning factories and the housewife demand this variety on account of its splendid flavor and dark, rich, beautiful color. During the past two decades Dunlap has made more money for the Strawberry growers than any other variety. The plants are medium in size, long rooted, very prolific and will more than hold their own under any rough-and-tumble method of cultivation. In fact, the Dunlap is the best berry for the beginner, as it is the easiest Strawberry to grow. Bears early, and is very productive. Perfect flowering. Prices: 25 plants \$0.80; 50 for \$1.25; 100 for \$1.75; 250 for \$3.50; 500 for \$6.50; 1000 for \$12.00.

WHITE STRAWBERRY

Pure snow-white Strawberry. Berries and plants medium size. Fine flavor, sugar-sweet. When you pick these berries they have no hulls. Quite an attraction to grow and show your friends the only pure snow-white Strawberry grown. Try a few. Prices, 12 for \$1.50; 25 for \$2.50; 50 for \$4.25.

Plant Zilke's Everbearing Strawberries and Enjoy Fruit All Summer and Fall, Bears 60 Days After Planting

MINNESOTA No. 1166

Sugar Sweet Everbearer

This is the latest of the New Everbearing strawberries being offered. Those who have tried it state they prefer this variety to any Everbearer introduced to date. It also bears 60 to 90 days after planting, berries all summer and fall, followed by a fine crop the following June. Plants are hardy, and produce runners freely. Berries are large, long and pointed—in appearance they look like the Missionary berry that is so well known in the south. Berries are dark in color and perfectly red clear through—no green tips. Fruit is firm and very sweet. As the supply of this variety is very limited, would advise placing your order early so as to avoid disappointment. Prices: 25 plants \$1.95; 50 for \$3.25; 100 for \$5.65; 250 for \$11.75; 500 for \$17.50; 1000 for \$33.50.

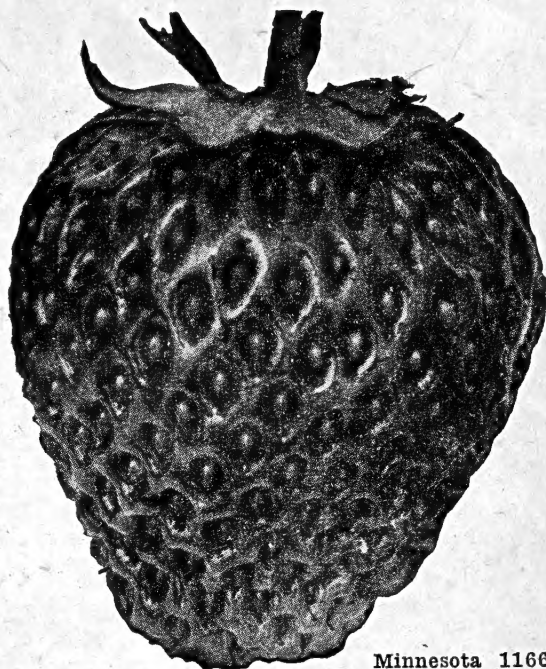

NEW STREAMLINER

New Giant Size—Honey Flavored

The newest of the everbearers, which we can offer in limited quantities only. We have never seen a more beautiful strawberry. Almost round, bright scarlet in color, and the very largest berry of all everbearing strawberries. Out-yields both Mastodon and Gem. Sweet as honey, with very little acid. Ripens red all over at the same time, even late in the Fall. Bears 60 days after set, and will bear the second year as well as the first. From late June to late in November it will be loaded with ripe berries, green ones, and blossoms all at the same time. This new everbearer should be tried out in a small way by all those who are interested in this type of berry. Prices: 12 plants \$1.50; 25 for \$2.50; 50 for \$4.00; 100 for \$7.00; 250 for \$16.50.

TRUE BLUE HYDRANGEA

You must have at least two of these lovely colored Hydrangeas! Plant them 2 feet apart. They grow about 2 feet tall. Increase in beauty each year. Bloom pink on the new wood, blue on the old wood. Sometimes old wood freezes back in winter but roots are hardy and throw up new growth in spring. Light mulching helps in colder climates. Likes sun or semi-shade. Prefers acid soil. Grow Blue Hydrangeas for your fancy bouquets! 2 year field-grown plants, \$1.00 each; 3 for \$2.50.

Minnesota 1166

NEW GEM

Giant Everbearer

Bears 60 days after planting

The Last Degree in Strawberry Perfection
For Size, Color and Flavor

It is our belief that there never has been and probably never will be another Everbearing Strawberry that even approaches Gem in the qualities that make for perfection. In our opinion Gem is still The Wonder Everbearer.

BIG PROFITS—2 CROPS A YEAR. Plant this spring—pick all summer—you'll get back the price paid for the plants, and most important, a big profit besides. You'll harvest another fine crop the following June—two crops in one year. Unlike most everbearers, this variety is an excellent plant maker. The plants are very healthy and vigorous, producing an abundance of runners, which bear fruit the first season.

Berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses. Very attractive in appearance and sell well on the fresh fruit markets. Prices: 25 plants \$1.25; 50 for \$2.00; 100 for \$3.50; 250 for \$6.75; 500 for \$11.50; 1000 for \$20.00.

IMPORTANT—Please remember that Zilke's strawberry plants are all hand cleaned, sorted and bunched.

Zilke's Raspberries bear younger and live longer not only because of superior quality, but also because every plant is healthy. Two rigorous inspections are made by Michigan Department of Agriculture Plant Inspectors during the growing season. That is why our plant fields are kept disease free. Then at digging and grading time they are carefully inspected for root disease and final inspection when packed.

Latham

Washington is considered a very valuable commercial variety introduced in the state of Washington, and is highly recommended as an abundant producer of the highest quality fruit, suitable for canning, freezing or for fresh fruit market. Washington can be considered somewhat of an everbearer as it bears beautiful bright red fruit all summer. We suggest that you send us your order immediately so you will be sure of getting some of this new variety for your garden.

We have a quantity of Latham red raspberry plants of the 1 year old medium grade size.

These plants are state inspected, genuine true to name, but are not quite as heavy as our regular 1 yr. No. 1 grade. The tops are slightly shorter, but the roots are good.

While they last, \$6.50 per 100; 500 for \$29.00; \$54.00 per 1000.

ORDER NOW, SAVE MONEY

6 Washington 6 Latham
6 Indian Summer

2 Yr. Bearing Age Plants -----	\$3.45
1 Yr. No. 1 Plants -----	\$2.45

Most Famous Red Raspberry

We unhesitatingly recommend Latham as one of the very best Red Raspberries ever grown. This variety originated at the Minnesota State Fruit Breeding Farm and is being grown extensively in Minnesota, the Dakotas, and Canada, and has never been known to winter-kill even though exposed to 45 degrees below zero. Latham is a tall, vigorous grower, canes extra heavy, foliage dark green, entirely free from disease. Berries much larger than any other Red Raspberry, many of them one inch in diameter. It has been known that 70 berries have filled a pint box. Color good, quality of the best, full Raspberry flavor. Excellent for shipping or home use. For prices see page 12.

New Everbearing Red Raspberry

Here is a distinctly new type of everbearer, unlike any older kind. "Marvelous" justly describes Indian Summer. The quantity, size and quality of the berries it produces in September, October and November are truly marvelous because they are so far superior to any other everbearer. With such a berry you can make worth-while profits from the high prices always paid for off-season fruit. You get a good early crop in the regular season, too.

We Recommend This Everbearer

Berries are uniform, rich red, thimble-shaped, large and juicy; flavor a true, tart, delicious raspberry. St. Regis berries are small and poor by comparison. A thrifty grower and heavy producer. Another N. Y. Station berry. You have never seen any fall berries as good in every way as INDIAN SUMMER.

Be sure to plant this spring.

A full-sized, heavy-bearing, fine quality, real red raspberry that bears in September, October and November. Makes money because its big fall crop of fine fruit can be depended on for high out-of-season prices. For prices see page 12.

SUNRISE

THE EARLIEST RED RASPBERRY

Here is a new variety that can safely be classed among the best, and one you will want to test this year. If you are a commercial planter, test them liberally—Sunrise ripens so extremely early that you will get berries on the market days ahead of other varieties.

It is especially hardy, having an unusual ability to withstand low temperatures without injury. It has proven even more resistant than Latham to anthracnose, leaf spot and spur blight. The color is bright, but turns dark red upon ripening, the berries pick easily. They are firm, fine textured, juicy, non-crumblly with a good Raspberry aroma, and of excellent quality and flavor. The greatest value of Sunrise is its earliness. This, together with its long season, makes Sunrise the ideal Red Raspberry. For prices see page 12.

YELLOW RASPBERRY

GOLDEN QUEEN RASPBERRY

A large beautiful, golden yellow raspberry. Many prefer this variety to the red or black sorts, owing to its sugary sweetness and unsurpassed flavor. Quality of berries is excellent, canes hardy, prolific and thrifty in growth. Should be in every garden because of its beauty and high quality. Heavy 1 year old plants, 6 for \$1.10; for other amounts see page 12.

CUT PRICE RED RASPBERRIES

We often have a surplus on some varieties of red raspberry plants. We do not agree to give you any certain variety or allow you to make selections, we offer this surplus as CUT PRICE RED RASPBERRY PLANTS. THESE PLANTS WILL BE FIRST CLASS IN EVERY WAY.

25 One Yr. Plants	-----	\$2.00
12 Bearing Age Transplants	-----	\$2.15

Yellow Raspberry

NEW MARCY

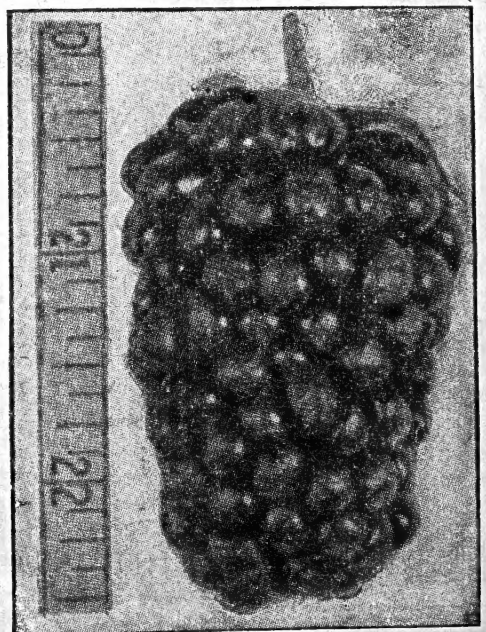

THE PERFECT CANNING BERRY

This red raspberry was offered for the first time in 1936. The berries, the largest of any variety in the Station collection, are long, conic, firm, thick-fleshed, medium red, mild in flavor and of good quality. The plants are tall, vigorous, healthy and hardy at Geneva. The sturdy canes which should not need support, bear the fruit out in the open, thus facilitating picking. Marcy is especially noteworthy for the very large berries, vigor and productiveness of the plants. For prices see page 12.

THORNLESS BOYSENBERRY

OFTEN BEARS FRUIT 2 TO 3 INCHES LONG

This is the extra early ripening strain of Thornless Boysenberry with canes as smooth as a grape vine. **RIPENS ABOUT TWO WEEKS EARLIER THAN BOYSENBERRY.** The introducer claims even heavier yields from this Thornless Boysenberry than the common Boysenberry. This new strain Thornless Boysenberry is identical to the Boysenberry except that there are no thorns and it ripens earlier. This is a good feature as the early berries bring much more money. The Thornless is as hardy, rugged and heavy bearing as its parent the Boysenberry. Vines grow long, and this pretty apple-green vine loaded with giant purple beauties is a sight you will never forget, and after you taste a handful of them, other berries will go begging for a while. Delicious with cream and sugar, and when made into jam, it's the last word. Supply of plants still limited, so hurry. Heavy 1 yr. plants, 6 for \$1.15. For larger amounts see page 12.

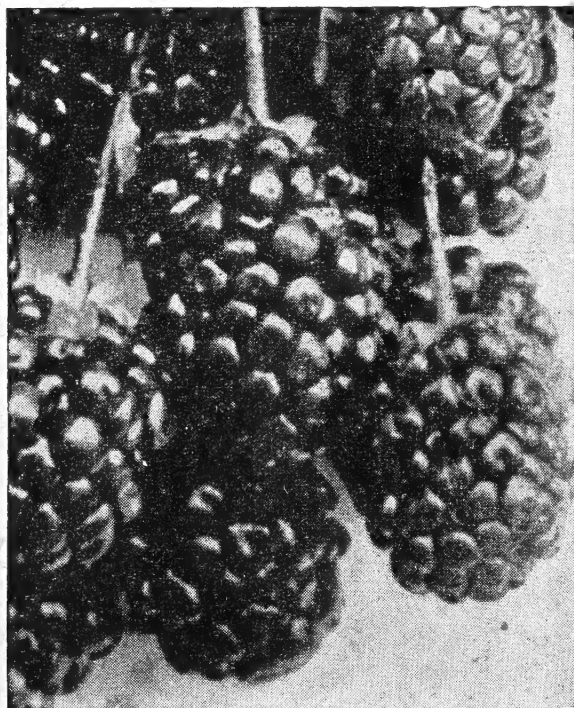

Thornless Boysenberry

ZILKE'S BLACKBERRIES

ELDORADO

Leading Commercial Variety

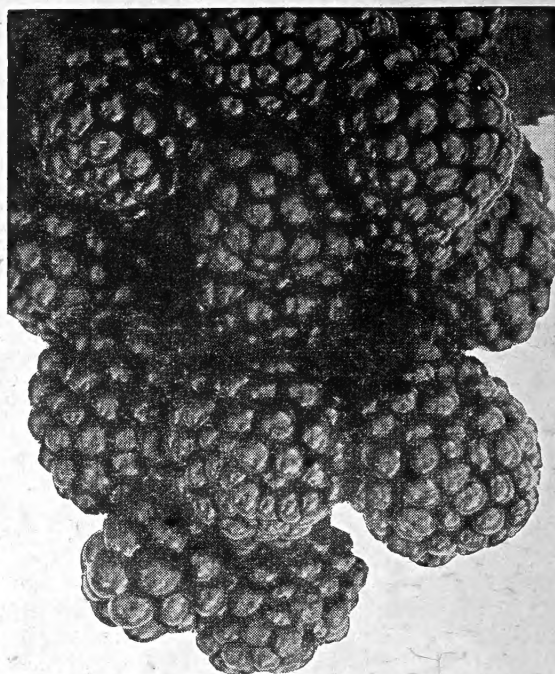

Eldorado never winter-kills and always produces a full crop of jet black berries of enormous size. The berries are large, and the hardiest and prettiest of all blackberries, with that delicious flavor which can only be found in a wild Blackberry. This makes it very valuable for all purposes, both home and commercial, being so very firm that it will remain in good condition from four to six days and can be sent to distant markets where it always commands the highest price; being a berry that retains its rich, glossy black color until it is consumed. This berry is the choice of the canner and housewife, as it makes the best of jams, preserves, jellies, cordials and such good old time blackberry pies.

Eldorado Blackberry

NEW EVERBEARING BLACKBERRY

This new everbearing blackberry is one of the latest creations in blackberries. They bear enormous crops for three months, beginning to ripen just after the Alfred and continue almost until frost; the berry is large, of good quality, melting in your mouth and does not have the large core that is so common in so many kinds of blackberries. The canes are husky growing plants, standing erect, resembling small trees and branch heavily. We have only a very few plants, to offer this year. Heavy 2 year bearing age transplants, 75c each; 2 for \$1.25.

New Everbearing Blackberry

ALFRED

Best Early Blackberry

Alfred is a healthy, vigorous grower and produces nearly a full crop of fruit the year after planting. It is perfectly hardy and can be grown anywhere without winter protection. Alfred ripens a week to ten days earlier than Eldorado, producing a heavy crop of fruit. The berries are a glossy jet-black, the flavor sweet and delicious, and it is nearly seedless and coreless. The berries are larger than the average blackberry, many of them measuring 1½ inches in length. For prices see page 12.

TRUE WHITE BLACKBERRY

White Blackberry

This creamy white blackberry sounds impossible but it's true. When mixed with jet black ones it makes a most wonderful dish. Berries are larger than Eldorado, very few seeds and quite sweet when fully ripe. Strong growers and very productive. Heavy 1 year old plants, 12 for \$1.10; for other amounts see page 12.

SODUS RASPBERRY

The Perfect Purple Raspberry

So far ahead of all old kinds of Purple-caps, that there's no comparison at all! Sodus berries are round, bright reddish purple, an inch or more in diameter, borne in immense clusters. The flavor is deliciously mild and sweet, whether you eat them fresh, canned, in pies, jam, juices, or jelly. Juice is bright purple. Canners prefer them to either Red or Black Raspberries. The bushes are extremely hardy, and free from mosaic. Upright growers, non-suckering. A positive success, both for home gardens and market. Order today. Plant this spring! For Prices see page 12.

BEARING AGE PLANTS

We have the following plants in the large BEARING AGE SIZE.

LATHAM, (red raspberry)
WASHINGTON,* (red raspberry)

EVERBEARING BLACKBERRY
TRUE WHITE BLACKBERRY
THORNLESS BOYSENBERRY,

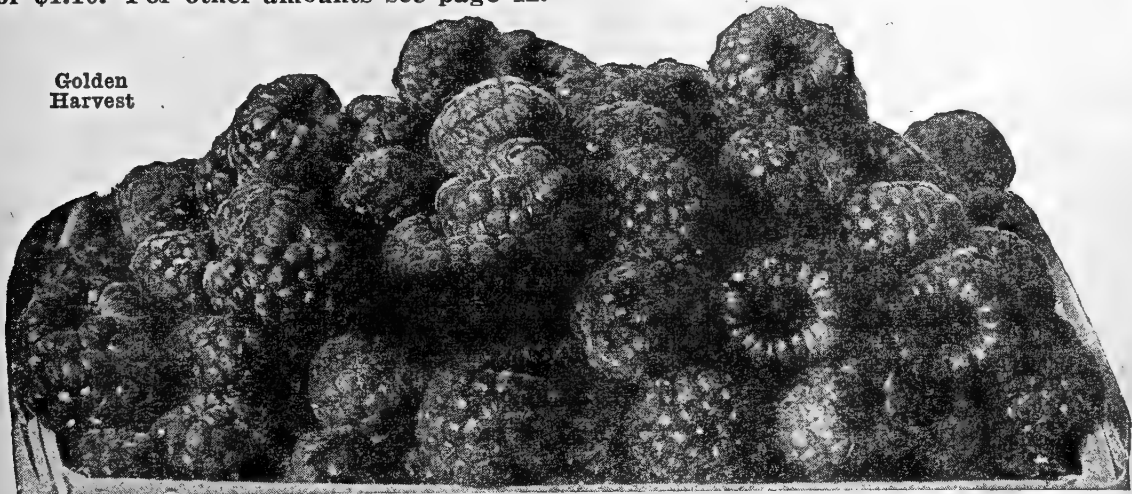

Prices on Page 12

YELLOW RASPBERRY

Golden Queen Raspberry

A large beautiful, golden yellow raspberry. Many prefer this variety to the red or black sorts, owing to its sugary sweetness and unsurpassed flavor. Quality of berries is excellent, canes hardy, prolific and thrifty in growth. Should be in every garden because of its beauty and high quality. Heavy 1 year old plants, 6 for \$1.10. For other amounts see page 12.

Golden
Harvest

Sodus Raspberry

GOLDEN HARVEST

New Yellow-Black Raspberry

A new yellow raspberry of the black raspberry type. It is both a novelty shrub and a great fruit producer—the berry being of a rich golden color of medium size. Its flavor is entirely different from any berry grown—a blend between the red and a rich golden yellow. It is truly a novelty shrub for your garden—the most unusual feature of this new variety is that after the first frost the canes will turn a rich yellow color, which is very outstanding during the winter months. The fruit can be eaten fresh or can also be successfully preserved; again they are very outstanding in a glass fruit jar for the berries retain their rich golden color. For prices see page 12.

COLLECTION NO. 3

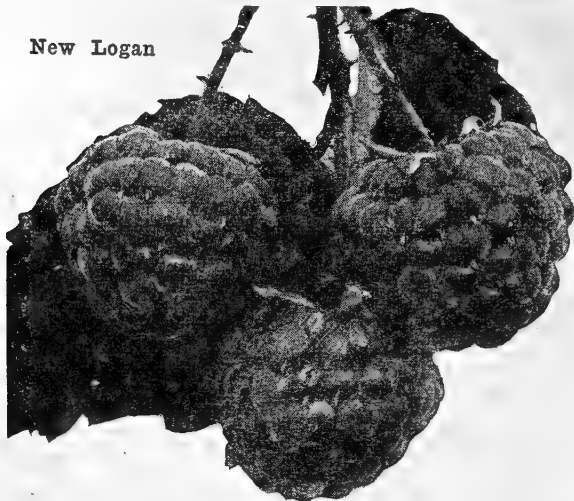

3 YELLOW RASPBERRIES
3 WHITE BLACKBERRIES
3 PURPLE RASPBERRIES

2 Yr. Bearing Age Transplants -----\$2.50
1 Yr. No. 1 Plants, only -----\$1.75

ZILKE'S BLACK RASPBERRIES

Why not try a few Raspberries this year? Everyone likes them and for jellies or wines they cannot be surpassed. Once planted black raspberries are good for a number of years and if you have any surplus, they readily sell at a big price.

New Logan

CUMBERLAND

THE BEST MIDSEASON BLACKCAP

The Breadwinner of the Blackcap Family! The largest of all Blackcaps and the very best midseason kind. No Blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. We strongly urge all of our customers to plant this dependable old favorite instead of spending time and money on new and untried varieties in which we, ourselves, have no confidence.

Fruit is large, plump and juicy, with a true "Blackcap Flavor" all its own. Free from seediness and crumbling, with extremely firm texture, which makes Cumberland an ideal shipper. Plants are hardy, thrifty growers, producing enormous crops over a long period of time, and are especially free from anthracnose, the common disease of all Raspberries. The greatest money-making Blackcap of all time, and the one we can honestly recommend to every planter. For prices see page 12.

COLLECTION NO. 4

12 NEW LOGAN (very early)
12 CUMBERLAND, (mid-season)
12 MORRISON (midseason to late)

HEAVY 1 YEAR PLANTS -----\$2.35
STRONG 2 YR. TRANSPLANTS ----\$5.95

NEW LOGAN

MOST DEPENDABLE EXTRA EARLY

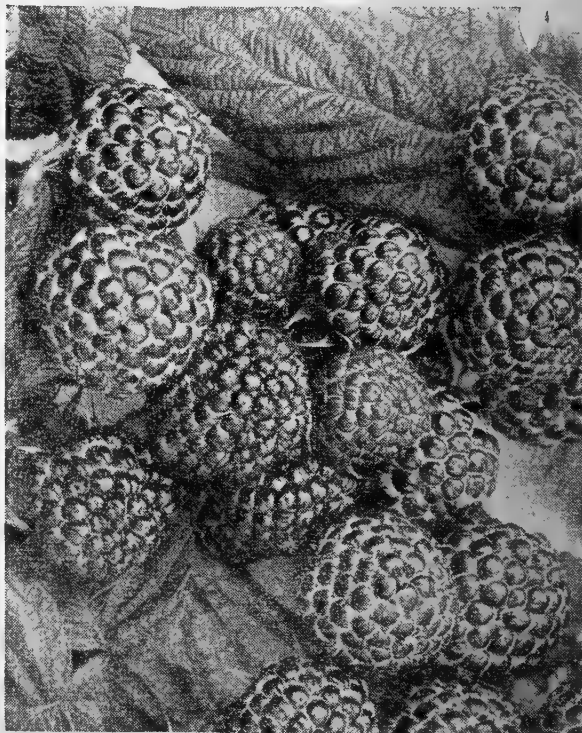

In many localities, where New Logan has been grown extensively for the past few years, it has nearly replaced all other early varieties. Ripens a week or ten days earlier than Cumberland, giving the grower a chance to market his crop ahead of the midseason rush to get the highest prices. The fruit is nearly as large as Cumberland, very rich and sweet, with a distinctive wild flavor. Plants are hardy and very drought resistant. The perfect early variety to be grown in connection with Cumberland; thus covering the entire season. For prices see page 12.

BIG BEARING AGE TRANSPLANTS

Will Fruit This Summer

Ideal for Home Gardens and Commercial Growers Who Want Quick Returns

We offer two-year bearing age transplants in Black, Red, Yellow and Purple Raspberries, Boysenberries, and Blackberries. You will find money-saving prices on these transplants on page 12.

Cumberland

NEW! MORRISON BLACK RASPBERRY Bigger, More Profitable

Here is a better black raspberry for both home and market use. Morrison has now been widely tested and has proven head and shoulders above other varieties in most every way. Commercial growers say: "Largest blackcap I have seen." "Practically disease free." "Larger and firmer than Cumberland. Does not crumble." "Holds its size to the last of the picking season." "For two years it has brought more than other varieties on the Pittsburgh market."

A county agent says: "The Morrison is somewhat the most attractive berry I have seen in several states. With us the berry ripens slightly later than Cumberland, is considerably larger, very dark and glossy and sells at a premium at all times."

The big bushes are exceptionally vigorous, hardy growers; long lived, and are practically disease free.

Morrison berries are high flavor, firm, juicy, not so seedy, and the size averages almost an inch across. They hold up longer, out yield other varieties and **MAKE MORE MONEY FOR THE GROWER!** For prices see page 12.

NEW GOLDEN HARVEST

New Yellow-Black Raspberry

A new yellow raspberry of the black raspberry type. It is both a novelty shrub and a great fruit producer—the berry being of a rich golden color of medium size. Its flavor is entirely different from any berry grown—a blend between the red and black raspberry, and when fully ripe reaches a rich golden yellow. It is truly a novelty shrub for your garden—the most unusual feature of this new variety is that after the first frost the canes will turn a rich yellow color, which is very outstanding during the winter months. The fruit can be eaten fresh or can also be successfully preserved; again they are very outstanding in a glass fruit jar for the berries retain their rich golden color. For prices see page 12.

CUT PRICE BLACK RASPBERRY PLANTS

We often have a surplus on some varieties of black raspberry plants. We do not agree to give you any certain varieties or allow you to make selections, we offer this surplus as Cut Price Black Raspberry Plants.

These Plants Are All First Class.

50 one yr. Plants	-----	\$2.25
25 Transplants	-----	\$3.15

Morrison

PURPLE SODUS

BEST PURPLE RASPBERRY GROWN

This new variety is the heaviest bearing raspberry that we have ever seen. Tests have shown that it is unquestionably the best raspberry. The fruit is firm and large, many nearly an inch in diameter, a rich maroon color, with an exceptionally fine, sweet flavor. The plants are very vigorous growers, perfectly hardy, and extremely healthy. All in all, this wonderful raspberry is just what we have been looking for, for years. Fine to eat fresh and makes the best preserves and sauce you ever tasted. For prices see page 12.

PAW PAW

Northern Banana

A small handsome tree with large purple flowers which are very beautiful and fragrant and large dark green foliage which makes it a handsome tree for the park or lawn. Produces large yellow fruit which has the flavor and shape of the banana and is very delicious and attractive. Tree very hardy and productive. Can be grown in all sections of the United States. Should be planted in every lawn and garden. Price: 2 to 3 ft. trees, 80c each; 3 for \$1.75.

Save a Full Year's Time

Zilke's Plants are State Inspected, Have Ripe Berries To Sell in 3 Months

The increased demand for good fresh fruit, such as ZILKE'S READY TO BEAR PLANTS which yield several months after planting make bearing plants scarce. Why miss out on this summer's profits when you can have fruit to sell, several months after planting. Not just a few scattered berries but enough to actually pay a small profit.

ACTUALLY BEARING-AGE PLANTS

Zilke's bearing-age plants are not just large one-year-old plants but actually TWO YEAR TRANSPLANTS. Do not be misled by some NURSERY because it actually costs money to grow plants two years instead of only one year, as in growing large one-year plants. Do not let prices alone be your buying guide, as the quality differs almost as much as night and day. Our Bearing-Age plants are fully matured plants, ready to bear a crop of fruit. They bear on the old wood several months after planting. Just think of having berries to sell that quickly. Send us your order at once because there is a shortage of Good Bearing-Age plants.

SAVE A YEAR'S TIME AND EXPENSE

You can now start growing raspberries and get real quick action. Why wait any longer? Have nice big berries ready to sell within a few months after plants are set. Almost a full crop the second year, then years of real bumper yields and real profits. DON'T BE FOOLED WITH JUST ORDINARY PLANTS. Send us your order and have the best.

NUT TREES

BLACK WALNUT

The black walnut that will thrive anywhere and do well and is always a favorite among children. Very desirable as a shade tree, grows to about 150 feet tall. Valuable for timber. Attractive foliage and round, shapely head. Long lived, quick grower, hardy and thrives on well drained soil. Nuts are large, with delicious and nutritious white kernels, valuable in making cakes, cookies and candies. Prices: 3 to 4 ft. trees, \$1.00 each; 3 for \$2.50; 10 for \$6.00.

Black Walnut

HARDY PECANS

In responding to many requests from our customers we are offering Pecan trees this year. Of all the varieties of the luscious and valuable nut family, the Pecan stands at the head of the list. Prices in the store are usually very high. Why not plant your own trees and have the satisfaction of raising your own Pecans. The trees are ornamental, growing erect and shapely, so that they may be planted on the lawn if necessary. Hardy as far north as Chicago, any plantings beyond this would be experimental. Prices: 3 yr. trees, 2 to 3 ft. size, \$1.25 each; 3 for \$3.50; extra strong 3½ to 5 ft. trees \$2.00 each, 2 for \$3.50.

Butter Nut

Hardy native tree, producing long large nuts. Has sweet, oily, nutritious kernel. Prices: heavy 4-5 ft. trees, \$1.65 ea.

BUTTER NUT

HAZELNUT TREES

Small tree, bushes grow in shrub form, with wide leaves which color bronze in autumn. Will thrive in any well-drained soil. Plant as a shrub in the border or garden. Produces round kernels, tender and sweet, very nutritious, shells are soft and can be easily removed. Prices: strong 2 to 3 ft. trees, \$1.25 each; 3 for \$3.00; heavy 3 to 4 ft. trees, \$1.75 each; 2 for \$3.00.

PERSIMMON TREES

With some winter protection the persimmon can be grown in the much colder sections. Trees are thrifty growers, will bear fruit in a year or two. Grows into a small tree, makes a very beautiful and valuable ornamental tree for the garden, street or lawn. Fruit is large, with golden yellow skin, changing to almost red when fully ripe. Fruit will hang on the tree for several weeks after ripe and will keep its fine rich flavor. We advise that you order as soon as possible as our supply of trees is limited. Prices: 3 to 4 ft. trees, \$1.95 each; 2 for \$3.50; 2 to 3 ft., 75c each; 3 for \$1.55.

Pecan Tree

HANSEN BUSH CHERRY

Ornamental Shrub - Valuable Fruit

Shapely, ornamental shrub, with long, pointed, gray-green leaves, silvery beneath. Covered with snow-white flowers in spring. Cherries are in large clusters, easy to pick. The fruit is large, sweet, shaped like a plum and as delicious as sweet cherries to eat out of hand. Makes excellent jelly, jam and juice. The bushes reach a height of four to five feet and are perfectly hardy everywhere. Produces an enormous bush in your garden or along the edge of the yard.

ZILKE'S CERTIFIED GRAPE VINES

Plant a vineyard and invest in something permanent. You will receive a regular yearly income from it as long as you live. Plant a vineyard of our super selected plants this spring and cash in on this opportunity for profitable fruit growing.

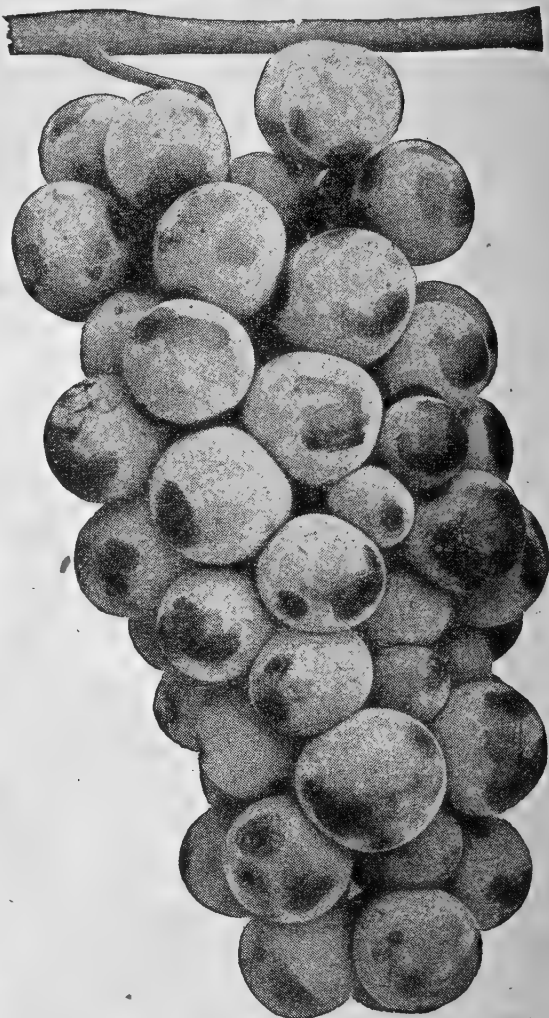

CONCORD—This is the old stand-by in the leading market vineyards garden variety. It grows on all soils, in all climates, is perfectly hardy and extremely productive. Bunches are large and compact. Berries large, bluish black, excellent for grape juice, wine, table use, canning and market.

DELAWARE—Beautiful light red colored berries, small in size and sweeter than any other Grape. Bunches small and compact. Flesh is juicy and spicy and of finest quality for table use, grape juice, jellies, etc.

NIAGARA—Most Popular White Grape—Perfectly hardy, and very productive. Bunches very large and compact. Berries fully as large or larger than Concord, mostly round, yellowish green when fully ripe. The skin is thin but tough and does not crack. Quality of the best, very little pulp, melting and pleasing to the taste. Of exceptional value for eating, grape juice or market.

BETA—The Hardest Blue Grape—An excellent grape for the North and Northwest. The vines are as hardy as the wild grape, which means they do not require protection in the winter as many of the other varieties do. Fruit is of the best quality to use for jelly and juice, as it has the wild grape flavor. Fruit is nearly as large as Concord, and a much better yielder in this climate. Ripens the first of September. Heavy 2 yr. plants 65c each; 3 for \$1.45.

CACO—Fruit is very large, rich wine-red in color; flavor of the finest, very rich and sweet. Excellent quality. Ripens in September. Vines are hardy, strong and vigorous growers, very prolific.

Seedless Concord

MOORE'S EARLY (Black)—Ripens 2 weeks before Concord; large berries and bunches. Excellent for home use and market, and does not winter-kill!

FOR NEW LOW PARCEL POST RATES SEE PAGE 48

SEEDLESS CONCORD GRAPE

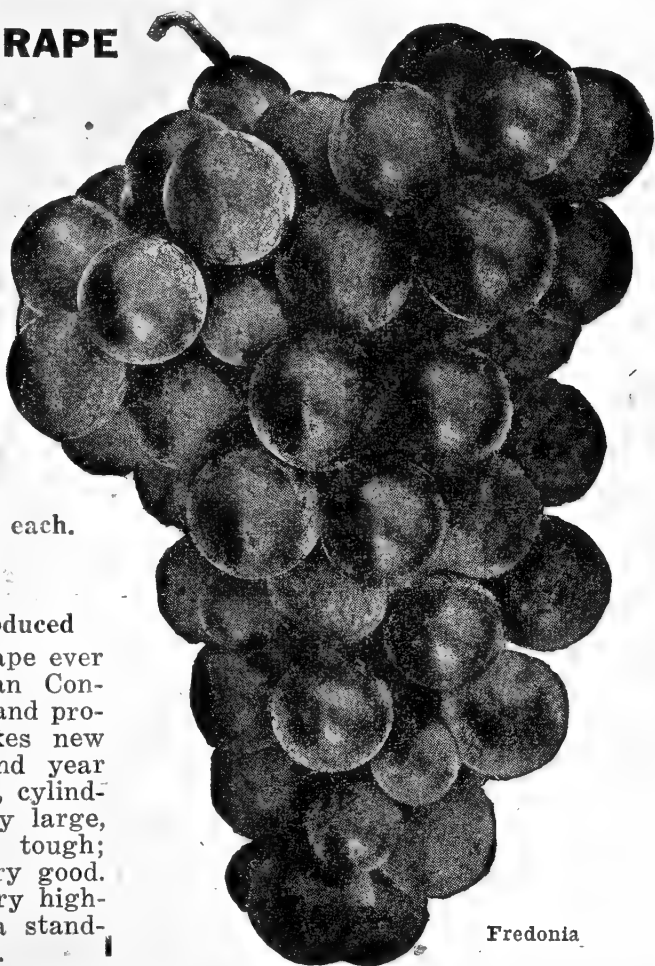

The Grape With A Future

This perfectly hardy Seedless Grape is the result of years of experimentation and cross-breeding. It is of the Concord type, but slightly smaller, blue-black in color, and possesses the same fine flavor found in the Concord Grape. This wonderful new variety should eventually replace the common large-seeded varieties for table use. Just the thing for your back-yard garden—a small arbor will provide sufficient Grapes for an average family. Just imagine Grapes without seeds. 2 yr. Heavy Plants, \$1.25 each.

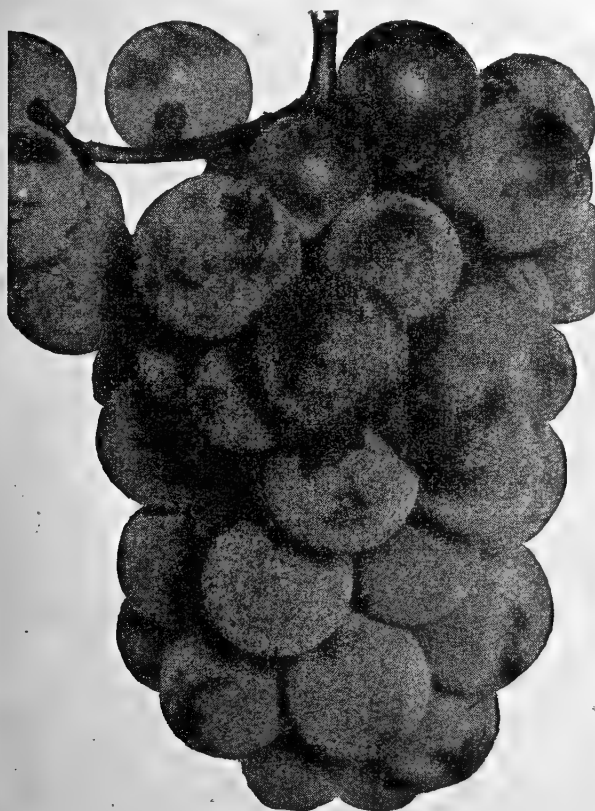

FREDONIA

The Best Black Grape Ever Introduced

Fredonia is the very best early grape ever introduced, fifteen days earlier than Concord. The vines are very vigorous and productive, very disease-resistant, makes new wood so fast that bears the second year after set. Clusters are large in size, cylindrical, and compact; berries are very large, and round; skin is very thick and tough; flesh is juicy, solid but tender, very good. We recommend this new variety very highly. Fredonia is rapidly becoming a standard variety. For prices see page 14.

Fredonia

Golden Muscat

GOLDEN MUSCAT GRAPE

This new hardy California Grape can now be grown in every section of the country. This variety is the result of the cross of the Muscat, Hamburg and Diamond, which are very desirable in themselves. This cross makes a very hardy, heavy bearing vine, and the quality of the fruit is similar to the white California Grape sold at all fruit markets. The berries are large, sweet and meaty, making it a wonderful variety to grow for home use and roadside stands. The bunches are large, heavy, broad shouldered, and tapering. Very compact. On account of this Golden Muscat being such a productive plant, we advise a good complete commercial fertilizer every spring, and you will be delighted with the crop. Heavy 2 yr. plants, \$1.00.

SENECA SKINLESS GRAPE

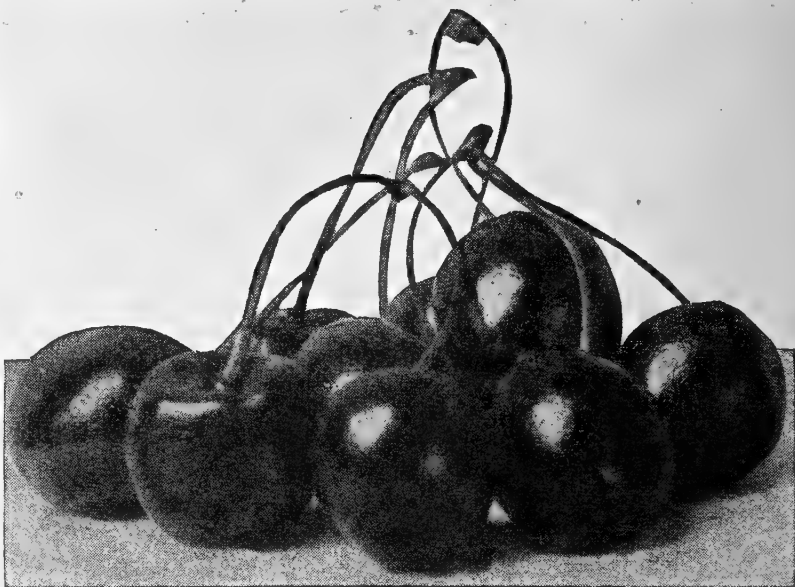

Just a nice tender munch, and a sweet juicy crunch, with no skins to worry about—that is the new Seneca Skinless Grape. Seneca is the newest of the hardy California-type Grapes, and has this important quality of edible skin. Flavor sweet, melting, and delicious; vine vigorous and productive; bunches good size. Try a vine or two, and be ready to grow Seneca commercially when plants are available in sufficient quantities. Probably not enough for all of our 1946 trade at these new low prices. Prices: 2 yr. plants, \$1.25 each.

Zilke's Whole Root Fruit Trees

We have the following well known varieties, which have proven themselves unexcelled for home, as well as the market use. Our stock starts growing quickly after planting, because you get all of the roots, life and vigor. These trees have an abundance of heavy, fibrous roots that quickly take hold in their new growing place. All our trees are grown on rich, well drained, upland soil that is specially prepared and fertilized to encourage deep, heavy, vigorous root growth. Such trees are free from root diseases. Hardy Northern Grown fruit trees recognized throughout the country as the safe and sure kind to plant. Our prices are less than half the usual prices asked by agents, because we sell direct from Nursery to you.

SWEET CHERRIES

SCHMIDT—A splendid market Cherry, because of its attractive and all-around good qualities. A big producer of extra large cherries, rich deep crimson color; tender, juicy and extra well flavored. Sweet.

Black Tartarian Sweet Cherry

Zilke's Selected Super-Size Fruit Trees

The best obtainable—you can't buy better trees elsewhere at any price. Many nurseries charge anywhere from 50c to \$1.00 each for trees no older, larger or better. Super-Size Trees are the pick of the crop—they caliper 11/16 inch, and many over an inch. They run from 4 to 7 feet in height, and often higher, depending on the variety, as some kinds are much larger growers than others. Special Super-Size Trees are only two years old—the same as our smaller grades—but these trees were the strongest growers in the nursery rows, with the most pep and vitality. They'll forge right ahead and continue the same sturdy growth when planted in your own garden or orchard.

NAPOLEON (Royal Ann)—Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Profitable for market, finding a ready sale, for canning and dessert. Ripens in July. Prices below.

WINDSOR—Fruit large, dull red; flesh remarkably firm, of fine quality, and a good bearer. Tree hardy, prolific. Ripens middle of July. Highly recommended by some of the most prominent fruit growers of the country. Prices below.

BLACK TARTARIAN—Very large purplish black, heart-shaped; flesh mild and sweet, and quality considered one of best for market or dessert. Tree vigorous, upright grower, and immense bearer. Ripens in July. We recommend it as one of the best sweets. Prices below.

Montmorency

NEW AUGUST SUPREME SWEET CHERRY

U. S. Plant Patent No. 126

A brand new Sweet Cherry that commercial growers and customers who have roadside stands and local markets are looking for because it ripens the middle of August, extending the Sweet Cherry season. This cherry has no competition as it ripens when all other cherries are gone—fruit is sure to sell and bring higher prices. If you want to extend your season and make some real money when other cherries are gone, this is the variety for you. Cherries are very red, almost black in color, similar to Black Tartarian; high in quality. The tree itself is vigorous and productive. One or two of these trees in your back yard will be a novelty in your community and also furnish you with a bountiful supply of fruit. Price: 3-5 ft. trees, \$1.95 each.

NEW VICTORY CHERRY

Sold Only By Zilke Bros. Nursery

Our new subacid sour cherry which is sweeter than Montmorency. This new cherry does not have the bitter sour cherry taste, found in most sour cherries. Requires almost no sugar when canning. The tree is a very heavy yielder of beautiful bright fruit. Every family orchard should have at least 2 trees of the New Victory Cherry. Supply is limited, order immediately.

2 to 3 ft. trees, \$1.85 each 3 for ---- \$4.95
3 to 4 ft. trees, \$2.35 each, 3 for ---- \$6.35

SOUR CHERRY

WORLD'S FINEST SOUR CHERRY

LARGE MONTMORENCY

—The largest and best. Sour Cherry grown for market and canning. Preferred by canners and pie makers everywhere. Deliciously subacid, it is good to eat from the tree, beautiful dark red, very firm, one of the best Sour Cherries. Montmorency is a regular bearer of enormous crops, brings good prices and ships well, in fact, is the best market cherry. Montmorency has remarkable keeping quality, on the tree and after picked, always a top notcher.

**Plant Big Trees for Quickest
and Best Results**

SWEET SEPTEMBER CHERRY

New Fall-Bearing Cherry

U. S. Plant Patent No. 94

A new find in sweet Cherries! Ripens September first and hangs until the snow flies. Bears the second or third year after planting! Fruit is dark red, similar to Windsor. There is no record in the history of horticulture of a fall-bearing Cherry until the accidental discovery of the parent tree which produced fifteen bushels in one year. All fruit was sound and perfect, no worms, rot, or leaf spot without ever having been sprayed. Hardier than the average sweet Cherry. For some unknown reason ripens its fruit in September instead of June although the tree blossoms at the same time as other standard varieties. Heavy 3 to 5 ft. trees, \$1.95 each.

ZILKE'S BETTER PEACH TREES

Lost Label Peach Trees

Each year we have a few peach trees from which the labels have been broken off and lost, so we do not know the variety. This special lot of trees are all good varieties but without labels as to kind or variety. While these trees last we offer them to you at the following low prices. Order Now.

2 to 3 ft. trees, 3 for \$1.85

3 to 4 ft. trees, 2 for \$1.50

4 to 6 ft. trees, 2 for \$1.85

Cannot Allow Discounts on These Trees

Elberta

ELBERTA — The Standard Market Peach of the entire Nation. For years this has been the standard midseason market variety. Does equally well in all Peach-growing sections, North and South. Fruit is large, bright golden yellow with red blush. Highly flavored. Ideally firm flesh and skin. A strong, vigorous grower. Ripens 10th to 15th of September. Freestone and self-fertile.

HALEHAVEN—Truly a marvel among Peaches. Second only to Elberta in popular demand. A cross between J. H. Hale and South Haven. Colors on the tree to a rich orange overspread with red, before ripening. Combines the large size and firmness of Hale with the perfect fertility of South Haven. Freestone. Ripens about two weeks earlier than Elberta. Trees grow rapidly, bear young, producing heavily, never failed a crop.

CORRECT PLANTING BOOKLET

Sixteen pages of valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. Supply limited.

Price 25c. If included with order, 15c.

ROCHESTER—A yellow freestone Peach having the exceptional merit of being early, ripening about August 10th; extraordinarily sweet and early bearing. In other respects it compares favorably with the best standard varieties. Fruit is large, yellow in color, prettily blushed. Flesh sweet, juicy and of delicious flavor. It keeps and ships well. Tree a vigorous grower, hardy and an annual and prolific bearer. Season three weeks before Elberta.

Plant Our Special Super Size Cream of the Crop Peach Trees and Save Several Years of Waiting for Fruit.

NEW GOLDEN JUBILEE**EXTRA EARLY, BEAUTIFUL, MONEY MAKER**

A choice recent introduction by the New Jersey Experiment Station; already popularized and given a high rating. Tree habits and fruit resemble Elberta but fruit ripens a few days before Carman. The skin is yellow with red blush; flesh golden yellow, juicy, tender, sweet, and freestone. Our choice of all early sorts.

PRICES

Each 5
7/16 to 9/16 (about 3-4 ft.) \$1.20 \$5.50

RED BIRD**EXTRA EARLY OF ALL PEACHES**

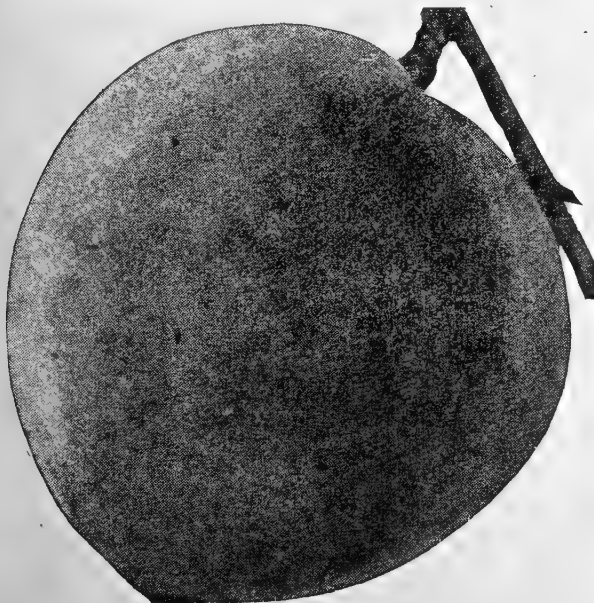

Very early. White, cling, extra large with a bright red blush, the first peach of large size to ripen; the greatest very early money maker. Our supply of trees is very limited, so order now.

RED BIRD PRICES

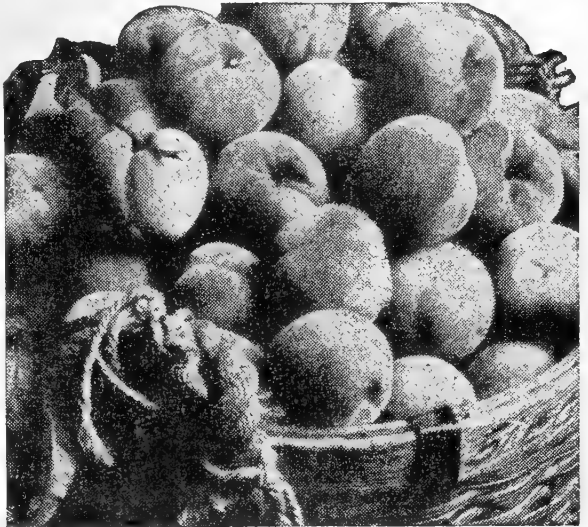

Each 5
Special Super Size, 11/16 up 1.45 7.00

SALBERTA**A GOOD LATE COMMERCIAL PEACH**

Yellow, freestone, large, being a satisfactory cross between Elberta and Salwey. Salberta inherited the size, quality and productiveness of Elberta, and inherited the lateness in season of Salwey. This new variety is being planted commercially in many peach-growing sections. Ripens about 20 days later than Elberta. Prices, 7/16 to 9/16 (about 3 to 4 1/2 ft.), \$1.10 each; 5 for \$5.00.

Salberta

Red Haven

REDHAVEN**World's Rarest Peach**

**THE PEACH THAT SOLD FOR
\$60.00 A BUSHEL**

The first half-bushel of Redhaven peaches sold in Benton Harbor, Mich., this past summer brought the unbelievable price of \$30.00. Redhaven originated at the South Haven Experiment Station from a cross made between Halehaven and Kalhaven in 1930. It was still unnamed and known only by number. Exhaustive tests were made over a period of years until its real worth and merit as an outstanding new peach could be determined.

**EARLIEST, DAZZLING ALL-RED,
SELF-POLLINIZING PEACH.
QUALITY UNSURPASSED**

Redhaven matures very early, about a month before Elberta. Fruit medium in size, of slightly elongated shape, and almost completely covered with a brilliant red color. Skin is smooth and tough. Flesh yellow, firm, fine textured, sweet, and of good quality. A perfectly fertile variety and freestone. It is safe to classify Redhaven as the outstanding early peach of tomorrow. Be the first in your locality to possess this rare and most profitable variety. Order today before we're sold out.

BELLE OF GEORGIA**LARGEST WHITE PEACH WITH RED CHEEK**

Very large, white with red cheek; flesh white and firm, excellent flavor; tree vigorous grower; a good white sort. Early Sept. 3 to 5 ft. trees, \$1.25 each.

ZILKE'S HARDY APPLE TREES

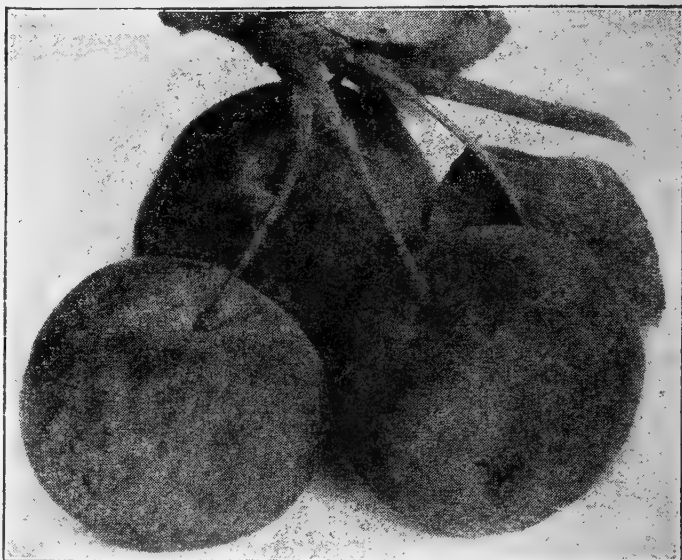

CRAB APPLE

DOLGA CRAB—Dazzling bright red crab apple. The very best crab apple for bright red jelly and jells very easy, nothing like it. Good to eat and beautiful in appearance. Very hardy and produces heavily. Thrives anywhere. Bears very young.

SUMMER APPLES

RED ASTRACHAN—Beautiful, large, deep crimson striped, best quality. Good eating and cooking, very juicy and rich flavor.

YELLOW TRANSPARENT — Ripens in July. One of the very best early varieties. Skin is clear white, changing to pale yellow when ripe. Flesh white, tender, subacid.

Dolga Crab

FALL APPLES

ANOKA—The Old Folks' Apple! The second year, big, full-sized crop; earliest and heaviest bearing apple. Hardy in all climates; never winter-kills. Can be grown anywhere in the United States. Ripens in August but can be used a month earlier. Apples are good sized, well formed, beautifully colored. Has proven to be one of the very best early summer apples for all purposes.

WEALTHY—Ripens late summer and early autumn. Perfectly hardy, vigorous and productive. Fruit large, red streaked with white. Quality good. A profitable market sort.

Lost Label Apple Trees

Each year we have a few apple trees where the labels have been broken off and lost, so we do not know the variety. This special lot of trees are all good varieties but without labels as to kind or variety. While these trees last we offer them to you at the following low prices. Order Now.

QUINTUPLET APPLE

A "MADE-TO-ORDER" ORCHARD IN ONE TREE!

THE FAMOUS "5-N-1"

FIVE VARIETIES OF APPLES ON ONE TREE!

Quintuplet is the one tree that adequately fulfills the need of the small home owner who has very little space to devote to fruit trees. It furnishes a selection of varieties practically covering the entire season from early summer to late autumn. The tree itself is a good, sturdy apple tree to which have been grafted five buds of different varieties. These five varieties are Yellow Transparent, Red Delicious, Yellow Delicious, Jonathan, and Winesap. We suggest that you order your Quintuplet early, as last year we were sold out long before the season ended. 3 yr. heavy, jumbo size trees, 5 to 7 feet tall, \$3.00 each; 3 for \$8.25.

WINTER APPLES

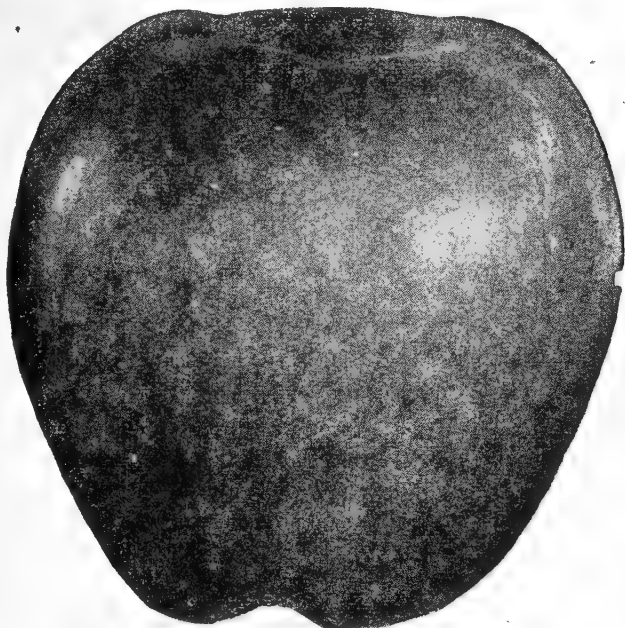

BALDWIN—Large, dark red color, and of rich flavor. Excellent keeper well into the winter, a splendid shipper. Desirable for its good dessert and cooking qualities. Tree hardy, quick strong grower. Heavy cropper.

DOUBLE RED DELICIOUS—A remarkable introduction of recent years, which has established its claim to first rank, both for commercial and home orchards. Fruit large; acid. Flesh fine grained, crisp, juicy, melting, and really delicious. Tree hardy, vigorous grower, producing enormous annual yields.

JONATHAN—Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender—a splendid family sort and highly profitable for market. Tree long lived, productive, and an early bearer. Will keep well without especial care, and also stand much handling.

GRIMES GOLDEN—Medium to large size; skin golden yellow, delicious sparkling flavor that cannot be described. Tree very hardy and productive. Comes into bearing very early.

STAYMAN'S WINESAP—Fruit large, bright red color. Flesh tinged with yellow; firm, crisp with pleasant, rich and acid flavor appealing to everyone.

Red Delicious

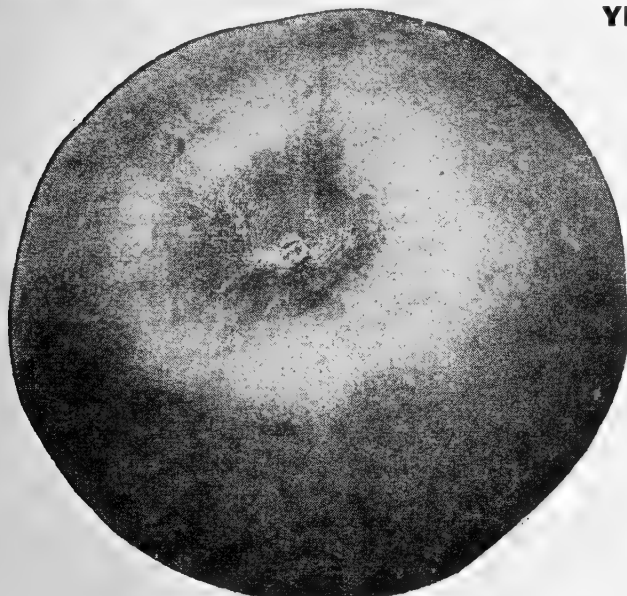

CORTLAND—New. Bears very young. Fruit large, beautiful dark red striped with carmine and yellow. Flesh fine grained, crisp, juicy, white and firm. Ripens about two weeks after McIntosh.

RED MCINTOSH—Beautiful red fruit, somewhat striped. Medium in size, pure white flesh and highly flavored. Bears very young, hardy and a heavy bearer. A favorite market and eating apple.

YELLOW DELICIOUS—Best yellow apple. Waxy golden color. Luscious flavor, finest in the world. Bears fruit very young. Keeps until late spring without becoming mealy. Very hardy.

RED NORTHERN SPY—A typical Spy, except for the color, which is solid bright red without either stripes or splashes. Flesh white, tender, mild, sub-acid. Good bearer.

RED ROME BEAUTY—An improved variety, with a dazzling, deep all over red coloring. An extra large, beautiful apple, with white, crisp, tasty flesh. Excellent for both eating out of hand and for cooking. Keeps all winter. Bears young. We do not have any Super Size trees in this variety to offer.

BARTLETT

THE BEST SUMMER PEAR

The favorite commercial pear. Fruit is very large, juicy, orange golden yellow in color with a soft blush. It is quite uniform in shape. Favorite for shipping, canning and eating. The tree is a strong grower, and it produces very young. Also hardy and a regular bearer. Priced above.

KIEFFER

FAVORITE WINTER STORAGE PEAR

The trees are so hardy and free from disease that it is the easiest of all the pear varieties to grow. The fruit is of good size, and a golden green color. Is an excellent keeper, often can be kept from 5 to 6 months under cold conditions. Ripens late October. Priced above.

SECKEL

THE PERFECT SUGAR PEAR

A little red sugar pear. It is the richest, highest flavored pear known. Is very

much desired for picking and canning purposes. Tree is very hardy, and grows under adverse conditions very well. Ripens late September. Priced above.

CLAPP'S FAVORITE

THE LATE SUMMER PEAR

This is perhaps the largest of all the pears that we have, and always tops the market because of its excellent appearance. It is greenish yellow skinned with a dark-red blush. Is quite juicy and sweet. Is a good shipper and the fruit ripens a few days after Bartlett. Priced above.

NEW BOSCH

THE LONG-NECK WINTER PEAR

A popular variety, and one of the best winter varieties. Fruit of artistic, long necked shape, golden russet color, with juicy, white flesh. Can be kept in storage for use during the holidays. Trees are rather small-growing, but heavy yielders. Available in the 3 to 4 foot size only. Priced above.

LINCOLN

THE GIANT FALL PEAR

Truly a giant in size! Is fast becoming a leader, due to its excellent quality, size and ability to produce a sure crop every year. Fine for eating, canning or shipping. Ripens October; fruit is yellow with pale green and pink tints. Don't fail to try some this year! Priced above.

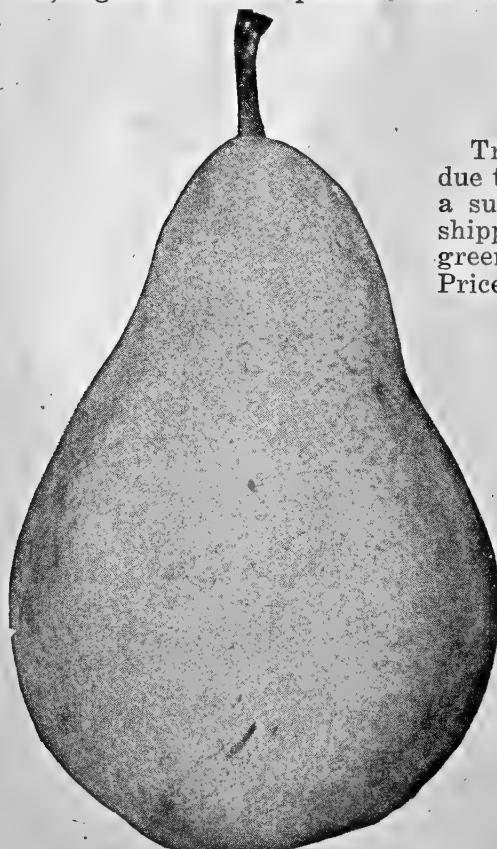

GENUINE DWARF BARTLETT PEAR TREES

BUDDED ON DWARF ROOT-STOCK,
NEVER GROWS OVER 6 TO 10 FEET

We offer you the true BARTLETT DWARF PEAR. We consider this variety as the best for dwarfing. The BARTLETT is the most widely known and biggest selling pear in the world. Sets the standard by which other varieties are judged. Large, beautiful waxy yellow with red blush. White flesh, fine-textured, sweet, juicy and full flavored. Best for fresh desserts, canning, shipping and storage.

Heavy 2½ to 3 ft. trees, \$2.50 each; 3 to 4 ft. trees, \$3.25 each.

Fruit Abundantly**

Bartlett Pear

BETTER PLUMS

ABUNDANCE—The beautiful red plum. Deliciously sweet, juicy and melting. Oblong, amber colored, overspread with bright red. Flesh orange-yellow. Medium to large in size. Tree is a strong grower and an early and profuse bearer. Valuable for market and canning. Ripens in August. Available in the Special Super Size only.

GERMAN PRUNE—The large blue sweet plum. Large, dark purple, sweet, good, one of the most popular for canning because of its sweetness and lack of acid. We strongly recommend this Prune both for home and market. Not available in the Special Super Size.

YELLOW EGG—The most popular Yellow Plum. Very hardy, trees grow rapidly, and produce abundant crops. Fruit is medium to large, rich yellow in color. A showy plum, and excellent for canning. Not available in the 9/16 size.

Green Gage

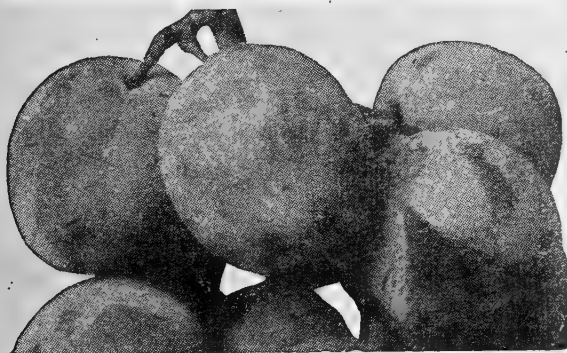

Lost Label Plum Trees

Each year we have a few plum trees where the labels have been broken off and lost, so we do not know the variety. This special lot of trees are all good varieties but without labels as to kind or variety. While these trees last we offer them to you at the following low prices. Order Now.

2½ to 4 ft. trees, 2 for \$2.00

4 to 6 ft. trees, 2 for \$3.00

We Cannot Allow Discounts on These Trees.

Abundance Plum

GREEN GAGE—The sugary sweet plum. Large, yellow-green, juicy, melting, sugary and delicious. Because of its rich flavor, one of the best for eating and canning. Ripens quite late. Very hardy and productive.

STANLEY PRUNE—The young bearing plum. This new purple (Prune) plum is superior to all plums or prunes. It often comes into bearing the third year, and ripens ten days earlier than the German Prune. Very hardy, and a very thrifty grower. Fruits are large, bluish purple, sweet, rich and fine. Freestone. Excellent to eat fresh and best of all for canning. It's also a money-maker on the market. Get started now. Not available in the Special Super Size.

BLUE DAMSON—The rich preserving plum. Most popular preserving Plum. Small, dark blue fruit with yellow flesh. Becomes rich wine-purple when preserved. Highly flavored. Hardy, prolific, dependable shipper. Available in the Special Super Size only.

MEDIUM GRADE BLACKBERRY PLANTS

Our Blackberry Plants are 1 yr. heavy. Do not be misled by cheaper prices, if you want medium size Eldorado Blackberry plants, we offer them at \$2.95 per 100; 250 for \$7.50.

HARDY HYBRID PLUMS & CHERRIES

Dwarf Habit - - Early Bearing
Delicious Flavor - Large Luscious Fruit

PROCLAIMED THE GREATEST

The many who have already had the opportunity to taste wonderful plum-cherry hybrids of delicious sweetness proclaim them by far the best they have ever tasted. The originator himself considers them the best. These are the famous hybrid plums developed for the severe Dakota weather, so they will stand any degree of coldness. Bear very heavily, branches often break with fruit. Come into bearing early—often first year after planting. The fruit is delicious, try them.

OKA CHERRY

NEWEST AND BEST DARK, LUSCIOUS, WINE-RED FLESH

The flesh color is a rich, intense purplish black red. It is in all a very remarkable fruit to look at and surely a delight to eat. Jelly and jam made from Oka Cherries are as deliciously sweet as they are beautiful to look at.

The tree of Oka has a dwarf bushy habit and bears from the ground up. This remarkable feature is of unique value when harvesting the fruit. No need for a stepladder for all the fruit is within easy reach. But the dwarf size in no way indicates the size of the crop of cherries, for the strength of the plant goes into fruit production and not into surplus tree growth, and so consequently the limbs and branches burden themselves with fruit. Leaves are small, sort of a pointed oval shape, and a bright, shiny green color. Heavy 2 to 3 ft. trees, \$1.00 each; 3 to 4 ft., \$1.45 each; Special Super Size trees, \$2.45 each.

OPATA CHERRY

THE PERFECT POLLINIZER

Bears loads of dark purple red cherry-plums, generally the 2nd year. Excellent to eat out of hand. Fruit ripens very early in August, is thin skinned and has very small pit. A good pollinizer for Sapa and Oka. Heavy 4 ft. trees, \$1.65 each.

UNDERWOOD

THE GIANT FREESTONE

This is the earliest of the large new Plums. Ripens from about August 1st to 15th, and attains a size of 1 3/4 inches. The tree is one of the strongest growers of all these new Plums and gets to be very large, furnishing a large bearing surface to produce wonderful crops of beautiful fruit. Fruit is very attractive; red, firm, juicy flesh, very small pit, freestone. Splendid quality. Heavy Trees, 2 to 3 ft., \$1.00 each; 3 to 4 ft., \$1.45 each. SPECIAL SUPER SIZE TREES, \$2.45 each.

Large and Fine
Wine Red Flesh

SAPA PLUM-CHERRY

MOST BEAUTIFUL COLOR WHEN CANNED

Sapa fruit is dark purple outside and rich wine-red inside. It is a large sized hybrid plum with small pit and very richly flavored. Trees often produce blooms in the nursery row, should be grown in bush form and pruned severely to encourage growth of new shoots that will fruit heavily and regularly. Sapa and Oka are planted very heavily in the northwest because they can take the severe and cold winters with flying colors. Heavy 2 to 3 ft. trees, \$1.00 each; 3 to 4 ft., \$1.45 each; SPECIAL SUPER SIZE TREES, \$2.45 each.

WANETA

MOST FAMOUS HANSEN HYBRID PLUM

One of the largest and most delicious plums from Minnesota. Is ideal where hardness is important. Will not be injured in sections where it gets to be 50 below zero. Fruit is immense in size, very delicious, long keeping, beautiful reddish purple color. Small pit, flesh is yellow, sweet and of fine flavor. Trees grow thrifty, very productive. Heavy trees, 2 to 3 ft., \$1.00 ea.; 3 to 4 ft., \$1.45 each. SPECIAL SUPER TREES, \$2.45 Each.

ORANGE QUINCE

Sometimes called Apple Quince. Fruit large, round with a short neck; color bright yellow; flesh tender, juicy and of excellent flavor. Highly regarded for jellies and preserves. Trees bear young. A good tree to plant on hillsides or where land is hard to work, as it requires very little care. 5 to 7 ft. trees, \$3.00 each.

THE NEW NANKING CHERRY

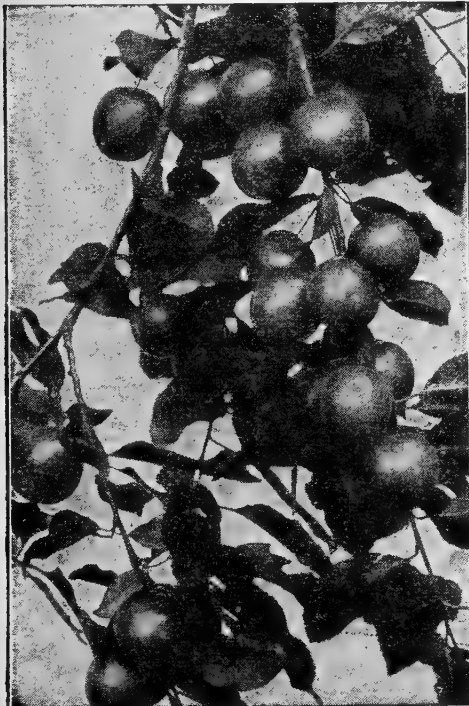

Originated by the Minnesota Fruit Breeding Farm. Especially selected and bred for the excellence and abundance of their fruit, as well as for their beauty as ornamental shrubs.

Bear great crops of fine cherries! Fruit is so abundant it takes but a few

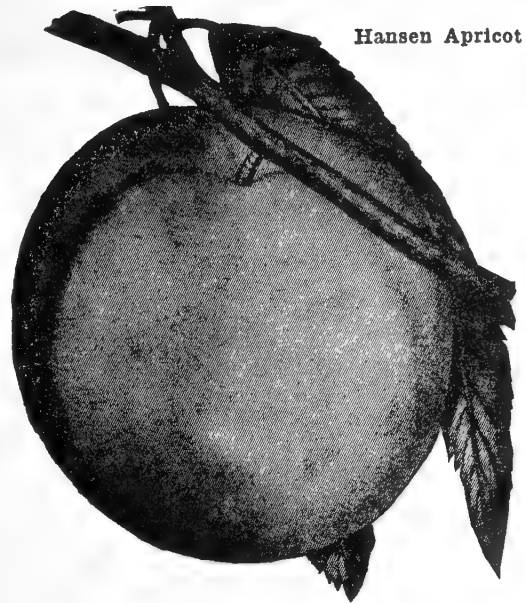

minutes to pick a quart or two in your own yard for making fresh cherry pie or sparkling jell.

The shapely bushes grow 7 ft. tall, work well into a planting about the house or shrub border. Apple-blossom pink buds appear very early and open to pure white. Nanking starts bearing 2nd year and by the 3rd season branches are literally covered with bright red fruit of superb quality for pies, preserves, jam or jell. Order at least two plants to insure pollination. Large, heavy 3 to 5 ft. trees, \$1.95 each.

SEE PAGE 48

Hansen Bush Cherry

Hansen Apricot

NEW HANSEN APRICOTS

THE SUPER HARDY APRICOT

Hansen's new sensational Northwest hardy apricot. Recently introduced by Prof. N. E. Hansen, of South Dakota State College, who has been working for many years to produce hardy apricots that would be good eating and large size and still would withstand the rigors of Dakota's cold and drought. Two very important points of interest stand out in regard to these new apricots. One is that they are perhaps one of the most drought resistant of all trees, coming through the terrible droughts of 1933, 1934, and 1935 with flying colors—full foliage and no apparent effect whatever from the dry, hot weather, and with a great crop of fruit. The second point is that they are hardy almost anywhere in America, standing and bearing well in climates getting as low as 50 and 60 below zero.

HARDY APRICOT PRICES

18 to 24 inches tall, 85c each; 3 for \$2.25.

HANSEN BUSH CHERRY

Ornamental Shrub - Valuable Fruit

Shapely, ornamental shrub, with long pointed gray-green leaves, silvery beneath. Covered with snow-white flowers in Spring. Cherries are in large clusters, easy to pick. The fruit is large, sweet, shaped like a plum and as delicious as sweet cherries to eat out of hand. Makes excellent jelly, jam and juice. The bushes reach a height of four to five feet and are perfectly hardy everywhere. Produce an enormous bush in your garden or along the edge of the yard. You will find them beautiful and enjoyable.

Ornamental and Flowering Shrubs

Our Shrubs are blooming size, ready for immediate effect. The shrubs we have listed here have been carefully selected, hardy, 2-year old stock, well branched.

THE BUTTERFLY BUSHES

OR SUMMER LILACS FAMILY

PINK CHARMING—Beautiful rosy pink. Never has a name so appropriately been applied to a flower. This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many measure 15 to 18 inches long, full and tapering perfectly toward the tip. Plant is hardy and foliage of clear green, blends with any background. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. Price: Heavy 2-year plants 65c each.

ROYAL RED—(Plant Patent Applied For.) The Sensational New Buddleia. In presenting Buddleia Royal Red we believe we are introducing a new hardy plant that will be the sensation of the plant world for years to come. Royal Red represents eight years of intensive breeding work, culminating in the first truly red Butterfly Bush. As a hardy summer cut flower plant and as an ornamental lawn shrub, Royal Red is unsurpassed in beauty and usefulness. From July until frost the plant produces an abundance of rich dazzling red panicles that attract instant attention. For garden planting, Royal Red is one of the most beautiful hardy plants that has ever been produced. The plant is hardy, grows 4 to 6 feet high and the foliage is deep leathery green. The sturdy plants we offer will flower abundantly the first year. Prices: Heavy 2 yr. plants, 85c each.

Butterfly Bush

CONCORD — Outstanding Purple-Blue. Magnificent blooms. A new outstanding variety worthy of trial. Price: Heavy 2-yr. plants, 55c each.

BUTTERFLY BUSH COLLECTION

1 Pink Charming

1 Royal Red 1 Empire Blue
1 Concord 1 Ile de France

FIVE IN ALL. EACH PLANT WILL
BE CAREFULLY LABELED.

SPECIAL PRICE, \$3.15

EMPIRE BLUE—(Patent No. 557) We have seen no other blue Buddleia that compares with this. The color is an Aster-blue with a delicate lilac tone, the whole effect being an exquisite shade of blue. Prices: Heavy 2-yr. plants, 85c each.

ILE DE FRANCE—Brilliant rosy-violet purple. For a brilliant display of color all summer, we know of no plant that surpasses this fine Butterfly Bush. The lovely claret-purple spikes are 12 inches long, fragrant, fine for cutting. Makes a nicely rounded bush, 3 to 4 feet tall. Prices: Heavy 2-yr. plants, 65c each.

DOGWOOD or CORNUS FOR BEAUTIFUL BARK

The Dogwoods are valuable for their foliage in summer, brilliancy of fruits in fall, and highly colored barks in winter. All varieties do well in sun or shade, and afford excellent contrast in shrub groups, while the berries attract birds in fall and winter.

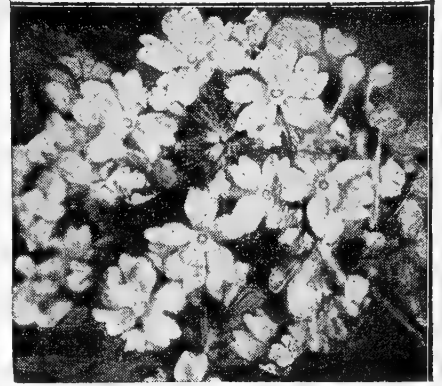

GOLDEN-BRANCHED—6 ft. A broad bush with bright yellow bark. Strikingly conspicuous when combined with the red barked varieties. Small white flowers; white berries. Very attractive. Prices: Heavy 18-24 inch plants, 60c each; 3 for \$1.50.

RED-BRANCHED—8 ft. Bright coral-red bark. Yellowish white flowers in spring and a profusion of bluish white berries in the fall. Prices: Heavy 18-24 inch plants, 55c each; 3 for \$1.45.

MAGNOLIA SOULANGEANA (Saucer Magnolia)—By far the best of the Hardy Magnolia, producing a wealth of delicately shaded blooms, just before the leaves open. The flowers open light purple at base, shading to pink at tips, with inside of petals clear pink to white. One of our most beautiful ornamentals. Extra heavy 24 to 36 in. plants, \$3.50.

NEW FRAGRANT EVERGREEN VIBURNUM

(*Viburnum Burkwoodi*) A comparatively new shrub of somewhat slender habit, having leathery green leaves throughout the year and in the early Spring bearing a profusion of fragrant pinkish-white flowers of honied fragrance like carnations. Sometimes called "The Gardenia Flowered Viburnum". Very sensational. Heavy 5 yr. plants, 2 to 3 ft., well branched, \$3.00 each.

Viburnum Burkwoodi

ARONIA—The new rare ornamental shrub grown for its attractive white flowers and handsome, flaming, bright red fruit. In May and June the branches are loaded with beautiful pure white flowers which produce very attractive red fruit which bends the branches almost to the ground. This fruit will remain on the branches almost all winter, when it is often called the Firebush. In Autumn the leaves turn to a sparkling scarlet. This extremely hardy shrub will thrive in any location, is not particular about soil, grows well in damp low places, and makes a fine showing in deep shade. Not affected by hot dry weather. No matter how unfavorable your location may be you can grow Aronia. 12 to 18 inch 30c each, 4 for \$1.00; 18 to 24 inch 50c each, 3 for \$1.25.

JAPANESE RED BARBERRY—There is nothing so strikingly brilliant in hardy shrubbery as our genuine true-red strain of Red-Leaf Barberry. Its abundance of thick, purplish-maroon leaves glisten in the sun, contrasting with the green and yellow of other plants. Valuable for single specimens, corner groups, and solid border hedges. Leaves bud out early in spring and remain into winter. Bush is covered with red berries which last all winter. Heavy 12 to 16 inch, 45c each; 3 for \$1.20; 10 for \$3.20.

Calycanthus

GREEN BARBERRY—See page 39.

SPIREA VAN HOUTTE—See page 39.

HYDRANGEA P. G.—Flowers in August and September with huge panicles, sometimes a foot long. Blooms are first a delicate pink, turning to bronze in early autumn. Fine winter decoration if flowers are allowed to dry on bush. 2 yr., 18 to 24 in. grade, 60c each.

MOCK ORANGE (Virginal)—Blooms throughout the season. This wonderful Mock Orange is without question one of the most wonderful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer. Heavy 18 to 24 inch plants, 65c each.

MOCK ORANGE (Bouquet Blanc)—Ever blooming. Grows 8 to 10 feet high and produces clusters of fragrant double flowers in June and later, also intermittently until fall. Plant 5 feet apart; ordinary soil; ordinary moisture; sun or partial shade. Prices: Heavy 18 to 24 inch plants, 65c each.

For Brilliant Fall Foliage *Euonymus Alatus* - Cork Bark

An attractive shrub because of its heavily ridged branches. Flutings resemble layers of cork. Foliage is especially fine in autumn when it changes to many brilliant shades. Grows 6 to 8 feet tall. Prices: 18 to 24 inch plants, 60c each...

CALYCANTHUS

THE SWEET-SCENTED SHRUB

A fragrant shrub with chocolate-colored flowers and shiny green leaves. Blooms nearly all summer. Grows to a height of about 8 to 10 feet. Should be set 4 to 5 feet apart in ordinary soil. 18 to 24 inch plants, 50c each; 3 for \$1.25.

WORLD'S BEST IRIS ROOTS, on page 46.

THE BETTER PEONIES, see page 44.

BETTER TULIP BULBS, on page 45.

TAMARIX

HISPIDA—The new bright pink. This is by far the best Tamarix and as a matter of fact is one of the finest of all shrubs. It grows 10 to 12 ft. tall if not pruned, but it can be kept down to any desired height. It grows in sun or shade, in wet or dry places. The fine, feathery foliage is silvery-blue. Bright pink flowers appear more or less regularly all summer. 18-24 inch, 60c.

AMERICAN HOLLY (*Ilex Opaca*)—An evergreen tree which has been acclimated to northern states. A moderate grower with spreading, short branches tapering upwards to a narrow head. Broad, oak-like shiny evergreen leaves with spiny teeth. Bush is covered with red berries in the fall, which remain on the branches nearly all winter. Transplanted, field-grown, 2 to 3 ft. stock, \$2.00 each.

AZALEA MOLLIS—Truly one of the aristocrats of the flower family, absolutely hardy, and covered with a mass of orange and yellow blossoms in May and early June before the leaves appear. Azalea Mollis is a most strikingly beautiful shrub on our grounds and attracts more attention through the month of May than anything else in our gardens. Plant as a border or in beds by themselves. 12 to 18 inch plants 85c each; 3 for \$2.00.

TRUE BLUE HYDRANGEA—You must have at least two of these lovely colored Hydrangeas! Plant them two feet apart. They grow about two feet tall. Increase in beauty each year. Bloom pink on the new wood, blue on the old wood. Sometimes old wood freezes back in winter but roots are hardy and throw up new growth in spring. Light mulching helps in colder climates. Likes sun or semi-shade. Prefers acid soil. Grow Blue Hydrangeas for your fancy bouquets! 2 year, field-grown plants, \$1.00; 3 for \$2.50.

NEW RED SNOWBERRY—This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. Don't fail to get some of these shrubs for shady locations. 18 to 24 inch plants, 60c each.

FLOWERING ALMOND — Earliest spring-flowering shrub, in full bloom before the leaves appear. Beautiful pearly pink, double blooms snuggle tight to the twigs, completely covering the bush. Medium height, reaching about 4 feet. 18 to 24 inch plants, 60c each.

BEAUTY BUSH—Fragrant. For Semi-shade or full sun. The gracefulness of the plant and its free flowering habit makes the Beauty Bush (*Kolkwitzia*) one of our finest flowering shrubs. It grows to about nine feet with the inner stems erect and the outer ones arching to the ground. Fragrant pink, tubular-shaped flowers are produced in abundance along the entire length of the branches. Makes an excellent lawn specimen or may be planted in the tall border. Perfectly hardy and will do well in semi-shade or full sun. 6 to 12 inch plants, 50c each.

Azalea Mollis

SPIREA

FROEBELI—Red foliage in spring. If people knew this shrub better, it would be planted in large numbers. It makes a low, compact bush 3 to 3½ feet tall. In the spring and fall, the foliage is a striking maroon color. In May-June, it is covered with clusters of bright rosy-pink flowers, and occasional blooms through the summer. An ideal border shrub in front of taller shrubs or any place you want a low-growing shrub. Absolutely hardy and grows everywhere, lasts a life time. 18 to 24 inch plants, 60c each.

ANTHONY WATERER — A crimson-flowered, dwarf variety, makes low compact bush, never getting higher than 24 inches. Is used for low work such as putting in front of larger plants for border. Is covered with red blossoms, very attractive plant. Heavy 18 to 24 in. plants 60c each.

FORSYTHIA or Golden Bell—Beautiful shrubs with golden yellow bell-shaped flowers which appear very early in the spring, before the leaves, frequently while the ground is still covered with snow. Branches cut off in winter and put in a vase of water will bloom in the house. No other shrub will give as showy a floral display. Plant them liberally in the shrubby border. 18 to 24 inch plants, 50c each.

RED JAPAN QUINCE (Burning Bush) —Very early in the spring, this fine, attractive shrub is completely covered with dazzling scarlet flowers, followed by small, fragrant, quince-shaped fruits. Foliage is dark, glossy green. Very desirable for single specimens; also hedges. Grow 5 feet tall. Heavy 18 to 24 inch plants, 60c each.

RUSSIAN OLIVE — Rugged, treelike shrub, growing 10 to 12 feet high. Foliage is a beautiful, silvery gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant, followed by ornamental yellowish brown fruits with silver scales. Heavy 18 to 24 inch plants, 50c each.

MOSS LOCUST — Sacred to Masonry. Elegant shrub with light green pinnate leaves and long, graceful clusters of pea-shaped, rose-pink flowers during the months of June and July. A beautiful plant for cemetery plantings. Heavy 2 to 3 ft. plants, 65c each.

SNOWBALL—The well known favorite, prized by every gardener. It really is one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. Valuable for specimen plants and also for grouping and massing. Heavy 18 to 24 inch plants, 60c each.

FRAGRANT SUMAC—This sweet-scented shrub is conspicuous in early spring with bright yellow flowers in clustered spikes. In autumn it bears loads of fuzzy red fruits in dense clusters. Good foliage; a fine low plant for the front of the shrub border and ideal for covering banks as it does well in dry locations. Reaches 30 inches high. Heavy 20 to 24 in. plants, 60c each.

GOLDEN ELDER—The Golden Foliaged Shrub. This is the shrub with bright golden foliage all summer. It makes a striking contrast with your other shrubs. Full and dense growing. Colors best in full sun. Grows fast, and makes a show early. Grows 4 to 6 ft. tall. Heavy 24 to 30 inch plants, 60c each.

WEIGELA EVA RATHKE—Bright red, bell-like flowers cover the plant in June and keep coming off and on all summer. Valuable in any planting for its big, dark green, glossy leaves. Best in partial shade. Grows 3 to 5 feet. Heavy 18 to 24 inch plants, 60c each.

WEIGELA ROSEA—The big, round, dense, dark green shrub with hundreds of pink blossoms in June. Foliage rich and heavy. For breath-taking beauty this shrub can't be surpassed. Grows 4 to 6 feet. Heavy 18 to 24 inch plants, 50c each.

BLUE ROSE OF SHARON—This gorgeous, unusually attractive shrub is truly an Aristocrat. It is exceedingly beautiful and picturesque. This rare new variety flowers late in Summer after most other shrubs are out of bloom. The large flowers are often three inches across, and every branch is completely covered with lustrous lovely blue flowers from June until frost. Unlike most other flowers as the season advances it becomes more gorgeous and the vivid pure blue becomes more outstanding. Here is a shrub that will thrive under the most unfavorable conditions. It is not particular of the kind of soil, does well in low damp places and thrives in poor soil where there is but little moisture. It adapts itself to either sun or shade. Heavy 2 to 3 ft. plants 75c each; 2 for \$1.25.

ALTHEA—Rose of Sharon. Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. We offer these in double-flowering type, assorted red, pink, white and purple. Heavy 2 to 3 foot shrubs, 50c each; 3 for \$1.25. (State colors).

RED HONEYSUCKLE—Dainty rose-red, sweetly scented flowers in great quantities in spring, followed by red berries relished by birds. Grows 5 to 6 feet tall. Plant as shrubs or hedge. 2-yr. Extra Heavy, 20 to 30 inch, 60c each.

PINK HONEYSUCKLE — Dainty pink flowers in great multitudes in spring, and loads of bright red berries to attract songbirds in fall. Well-formed bushes, thrive in shade or sun, good or poor soil. Grows 5 to 6 ft. Can be pruned as desired. 2 yr. Extra Heavy, 20 to 30 in., 60c each.

PERSIAN LILAC—The sure blooming lilac. Grows 6 to 8 ft. These new "sure bloomers" are like Grandmother grew—except these will bloom the first year after planting. No need to wait 3 or 4 years for your lilacs to bloom. These are hardy as all lilacs, graceful, don't sucker, extremely fragrant. Reddish purple flowers during April and May. Heavy 24 to 36 inch plants, 75c each.

FRENCH PUSSY WILLOW—Not the wild pussy willow but a cultivated variety that has made a sensation wherever it has been shown. Branches of this variety have been selling at retail during the winter months in cities at from \$1.00 to \$2.00 per dozen. You can grow them on your own lawn. Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or backgrounds. Cut the ends of the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 ins. long. They will repay you many times their cost in pleasure. Heavy 18 to 24 inch plants, 55c each; 3 for \$1.25.

Blue Rose of Sharon

ZILKE'S EVERBLOOMING ROSES

Our Roses are 2 yr. heavy field grown extra selected, carefully budded, super size bushes that will bloom all summer and fall, producing blooms much larger than the ordinary bushes offered by most nurseries or mail order houses at so-called low prices.

Strong 2-year Field Grown Bushes,
each 85c; 5 for \$3.85; 10 for \$6.75.

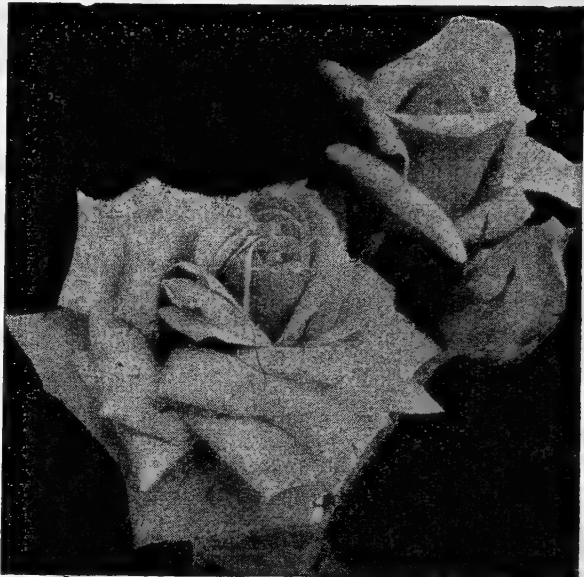

E. G. HILL—Bud very beautiful; flower immense, unusually lasting, dazzling scarlet, shading to a deeper, pure red as it develops, but never showing purple, borne on long stem. Foliage abundant, of fine color. Growth vigorous; very free bloomer.

Francis Scott Key

CHARLES K. DOUGLAS—A very fine bright red bedding rose. The flowers are large semi-double, brilliant crimson with a scarlet undertone, and are produced in large numbers throughout the season.

AMI QUINARD—A variety which is here to stay, beats all others; best near black Rose in our estimation. Deep velvety crimson, fragrant and very lasting. A vigorous shrubby plant, with almost single flowers of deep blackish scarlet.

Caledonia

PINK RADIANCE—Extra hardy, vigorous and prolific. Blending of carmine-rose with shades of opal and copper.

RED RADIANCE—Large, globular flowers of an even, clear red. Constantly in bloom. Very popular.

FRANCIS SCOTT KEY—Large very double, rich crimson.

GOLDEN OPHELIA—Gorgeous blooms of golden-yellow. Fragrant and very free flowering. Very popular.

PRESIDENT H. HOOVER—A glorious combination of cerise toned orange, scarlet and yellow. Recognized as one of America's best roses. Richly perfumed, long stemmed and free blooming.

SOEUR THERESE—Long, pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. Sweetbriar fragrance. Blooms come freely on splendid cutting stems. 20 to 25 petals.

BETTY UPRICHARD—Copper-red buds, opening to semi-double, large blooms of delicate salmon pink, with reverse carmine, having coppery sheen. One of the best bloomers.

CALEDONIA—The exquisite, long buds of ivory change to purest white as the flowers open into large, double blooms of satiny texture.

BRIARCLIFF—A bright, clear shade of rose-pink. A high pointed center with exceptionally perfect flowers, sweetly scented. A vigorous, hardy grower. Dark, rich foliage, resistant to mildew.

COLUMBIA—Full petaled rose-pink buds deepening as the blossom opens; erect on long stems; vigorous, intensely fragrant, and a good keeper.

TALISMAN—Its brilliant orange-red buds open to large, fragrant, high-pointed blooms of glowing golden yellow, stained with copper-red, orange rose on inside of petals. As the petals unfold, they become bright apricot-gold, deep rose-pink or old rose. Color becomes brighter as the flowers develop.

SUNBURST—Gorgeous blooms of yellow and orange blend. One of the Pernet introductions. Noted for the length of time it holds its long, pointed buds.

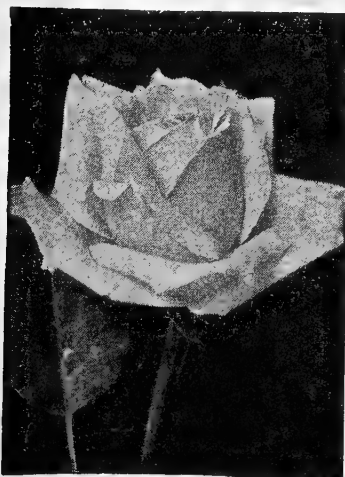

LUXEMBURG—An old variety, but one of the finest very bright yellow. Profuse bloomer, and a strong grower.

GOLDEN RAPTURE—An exceedingly fine new rose with fragrant flowers of clear golden yellow. Exquisite buds on long stems, fine for cutting as they last so long. A robust grower with glossy green foliage.

HEINRICH WENDLAND—A very colorful fragrant rose of bright Nasturtium red with the reverse of the petals deep golden yellow. A vigorous plant and a free-bloomer.

Golden Ophelia

Columbia

BETTER EVERBLOOMING ROSES

Strong 2 yr. Size Field Grown Bushes, Each 95c; 5 for \$4.25; 10 for \$7.50

AUTUMN—If you are a true lover of Roses, there is a real appeal in the many delicate shades and soft color combinations found in so many varieties. Autumn is one of these. Its blooms are a burnt orange, streaked and marked with red, typical of the many color combinations seen during the autumn months. Buds are of beautiful form, developing into cupped, double, fragrant flowers.

ROUGE MALLERIN—One of the greatest Rose creations ever developed. Pointed buds of brilliant red open to 4-inch blooms of glowing scarlet, the petals having the appearance of rich scarlet velvet. Of unusual fragrance, the odor resembling old damask perfume.

GRUSS AN TEPLITZ—The hardiest and most free blooming of all roses. Good glossy foliage. Blooms entirely cover the plant from one side to the other. Flowers not extra large but there are so many of them every day that this rose will liven up your rose bed more than any other.

CHRISTOPHER STONE—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely, long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free bloomer. Stands lots of heat. Considered the best bright red rose. A solid bed is a glorious sight all season.

JOANNA HILL—Extremely large, very long-pointed; flowers large, semi-double, full, unusually lasting, moderately fragrant, darker yellow than Sunburst; borne singly on long, strong stems. Beautiful foliage; few thorns; vigorous grower.

TREASURE ISLAND—Flaming coppery-pink, inside of petals light salmon, orange at base, strong stem. Bud long-pointed; flowers large and fragrant. Received highest award of Silver Medal at San Francisco Fair; also Certificate of Merit from New York's World's Fair in 1940.

MCGREDY'S IVORY—Lovely large flowers of beautiful double form and moderately fragrant. The color is soft delicate creamy white merging into a yellow at the base. Abundant bloomer and vigorous grower. No better white rose.

MCGREDY'S YELLOW—Yellow Roses have been getting better and better year by year, and now they reach their supreme beauty in McGredy's Yellow. Soft, pure, adorable. Very artistic and gracefully shaped, strong grower, abundant bloomer.

MRS. P. S. DUPONT—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. It was the favorite yellow rose in our World's Fair Rose Garden.

DAME EDITH HELEN—Largest, most perfectly shaped and most perfumed pink rose. Clear glowing pink, from the time the bud opens until the petals fall. Blooms abundantly, with long, strong stems. Growth of bush is vigorous and thoroughly hardy.

CONDESA DE SASTAGO—It is the first fully double variety to carry the vivid color of coppery red and yellow. Very hardy, vigorous, healthy growth. Has rich raspberry perfume. Keeps well when cut for indoor enjoyment. Winner of many medals.

EDITOR MCFARLAND—The perfectly formed flowers are clear, brilliant, unfading pink, and as a cut flower it retains its form and lasts longer than any other Rose we know. A winner of many awards. The growth is vigorous, the foliage healthy, and it blooms all the time from early summer to frost.

ETOILE DE HOLLANDE—Large, velvety, crimson flowers produced in great profusion throughout summer. Deliciously perfumed. Vigorous upright grower. An excellent red Rose.

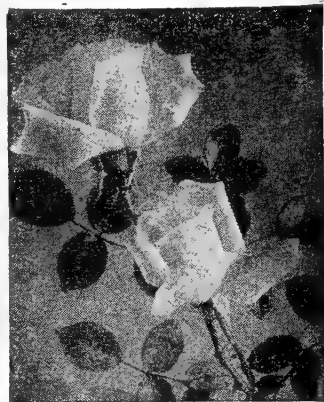

THE DOCTOR—The most glorious pink Rose we have ever seen. The buds are long and pointed and expand to simply enormous blooms of beautiful, glowing rosy pink with satiny pink edges. Intensely fragrant; excellent for cutting.

PINK DAWN—A new rose that is fine for both garden and cutting. The buds are lovely, and open into large, fully double flowers of clear, purest pink, extremely fragrant. A vigorous grower, hardy and free-blooming.

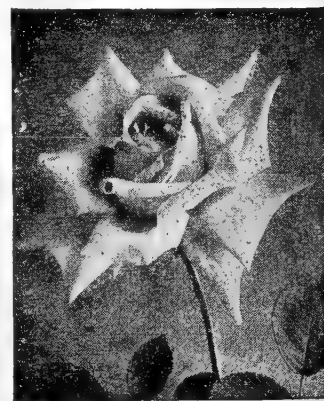

POINSETTIA—One of the most brilliant scarlet Roses we know of. The true poinsettia color Bush is sturdy and hardy and a good grower. Buds are long, borne in abundance and open slowly into gorgeous blooms.

GOLDEN DAWN—This lovely rose has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of sunflower yellow. Hardy, vigorous, healthy, free-blossoming.

K. A. VICTORIA—This is the favorite and the best white rose for the middle west. Buds and flowers glistening, snowy white. Foliage exceptionally shiny and clean, seems to bloom and bloom much longer than any other hybrid teas.

K. A. Victoria

Joanna Hill

Everblooming Roses as to Color

Imagine getting, fine, heavy, field grown everblooming roses at our new low sale prices. The Roses that we will fill your order with are genuine everblooming varieties, same as we list in our 1946 catalog, only you order by color instead of variety. You order and select the color and we select the variety. We do this because we often have a surplus of certain varieties, therefore, this plan avoids waste for us and results in a big saving to you if you are not interested in names. Please state colors you want. We offer red, pink, yellow, two-tone, white.

Everblooming Bush Roses, Regular 2 yr. Size, 2 for \$1.40; 6 for \$3.60

GORGEOUS "BABY BEAUTY" or FLORIBUNDA ROSES

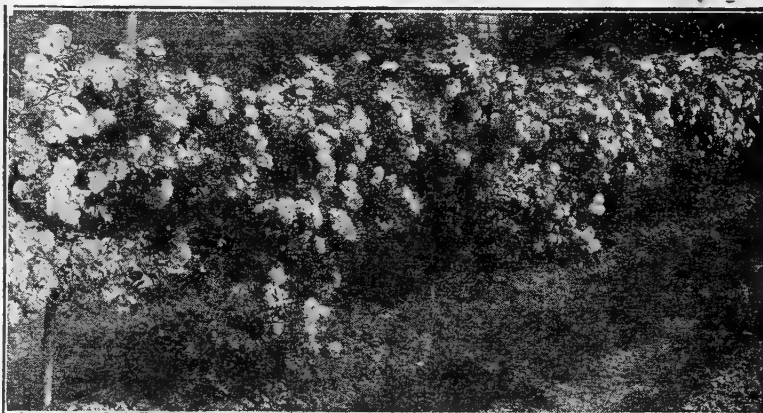

The Floribunda group of roses represent hardy varieties recommended for mass color effect. The habit of growth is of medium height. They are very winter hardy, therefore permanent, disease resistant, bloom continuously in large clusters and do not fade in hot summer suns.

The Floribunda varieties should be planted in groups of three or more of a kind. They are recommended for use among shrubs, for continuous color, as hedges, borders, as massed bed plantings, for parks and along roadsides.

Strong 2 year Field Grown Bushes, Each 95c; 5 for \$4.35; 10 for \$8.00.

GOLDEN SALMON—One of the really outstanding Polyanthas. In bloom constantly from June until freezing weather. Excellent foliage, free from disease. Rich deep salmon color, will add much color and beauty to your plantings.

KIRSTEN POULSEN—Single bright red flowers of good size borne in clusters.

ELSE POULSEN—A truly delightful Floribunda Rose which grows readily and blooms heavily, practically the entire summer. Color is a light silvery pink. Upright growth. Ideal for bedding along driveways, around bird baths.

KAREN POULSEN—Single, brilliant-scarlet. Excellent bedding rose.

THE BETTER PATENT ROSES

GOLDEN SALMON—One of the really finest of all dark red roses. It has everything that a good rose needs—color, size, form, fragrance, stem, vigor and freedom of bloom. The flowers are perfect, the exquisite bud opening into large, magnificent blooms—a rich, intense, vivid deep crimson with a velvety almost-black sheen. It has the true delightful rose fragrance. The plant makes a rather spreading bush, hardy, healthy, vigorous

grower, producing the beautiful flowers from early summer until frost. Price: Heavy Super Size \$1.50 each.

DICKSON'S RED—(Plant Patent Applied For) Glowing scarlet-red Rose from Ireland. The ripe warmth of its color is constant, its abundant bloom unflagging all through the summer. Happily, also, it is rich in the fragrance you instinctively expect in a red Rose. If the sun has been cruel to your reds, here is a "must have" for your list—it defies the hottest sun's rays and retains its color. So rugged, so completely satisfying is this Rose that it will be a garden mainstay, a Rose for the years, and as the blooms are produced singly on long, strong stems it will be your favorite red Rose for cutting. Prices: Heavy Super Size, \$1.50 each.

WILL ROGERS (Pat. 256)—Dark velvety crimson in color. Strong and luxuriant in growth, this rose will be cherished in thousands of American gardens where it will serve fitly to commemorate the name of the man in whose honor it was named. Price, Heavy Super Size, \$1.50 each.

EVERBLOOMING CLIMBING ROSES

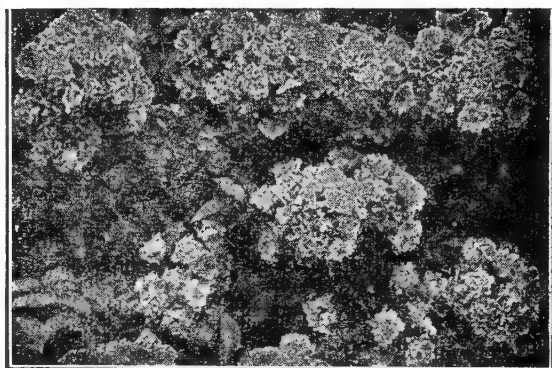

We recommend the following three varieties of **EVERBLOOMING ROSES** as the best in their class. Plant a few **EVERBLOOMING ROSES** this spring, enjoy their blooms all summer and fall.

Strong 2 yr. Field Grown Bushes, 90c each; 5 for \$4.15; 10 for \$7.75.

EVERBLOOMING CLIMBING TALISMAN—A glorious combination of orange-yellow and rose-red. The fragrant flowers are freely produced all season and are especially fine for cutting as they come singly on long stems.

EVERBLOOMING CLIMBING P. S. DUPONT—Long, pointed buds of reddish gold, opening to a semi-double, lasting and fragrant flower of deep golden yellow. Profuse and continuous bloomer.

EVERBLOOMING CLIMBING GRUSS AN TIPLITZ—The hardest and most free blooming of all roses. Good glossy foliage. Blooms entirely cover the plant from one side to the other. Flowers not extra large but there are so many of them every day that this rose will liven up your rose bed more than any other.

Climbing Seven Sisters

HARDY CLIMBING ROSES

STRONG 2-YEAR SUPER SIZE FIELD GROWN BUSHES

WICHURIANA, The White Cluster Rose—(Memorial Rose). Clusters of white flowers, trailing habit, glossy leaves, fine ground cover. 70c each; 3 for \$1.95.

Everblooming Flower of Fairfield

SILVER MOON, The Pure White Climber—Beautiful semi-double flowers, 4½ ins. and over in diameter, pure white in color; petals of great substance, beautifully cupped, forming a Clematis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness. Each 75c; 3 for \$2.00.

CLIMBING SEVEN SISTERS, The Dainty Baby Pink—Big clusters of the daintiest little baby-pink roses you ever saw! Double and sweetly scented. Blooms a long time every summer. Rapid climber. Hardy. Each, 75c; 3 for \$2.00.

PRIMROSE — A pure yellow, hardy Climbing Rose. Its large, double flowers are a soft rich primrose yellow and are borne in clusters of four and five on an extremely vigorous plant, with beautiful foliage. Each \$1.00; 3 for \$2.50.

FLOWER OF FAIRFIELD, Everblooming Crimson Rambler—Combines the beauty of the well-known Crimson Rambler with the continuous-blooming habit, the new growth bearing large clusters of crimson blooms through the summer continuously. Each 75c; 3 for \$2.00.

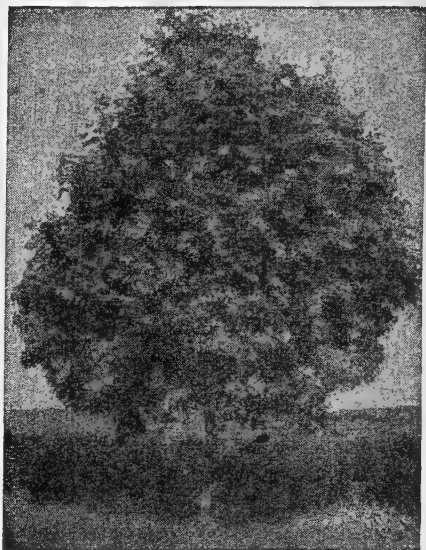

GARDENIA — Bright yellow, opening cream, blooms early, and is very sweetly scented. Each \$1.00; 3 for \$2.50.

Zilke's Shade and Ornamental Trees

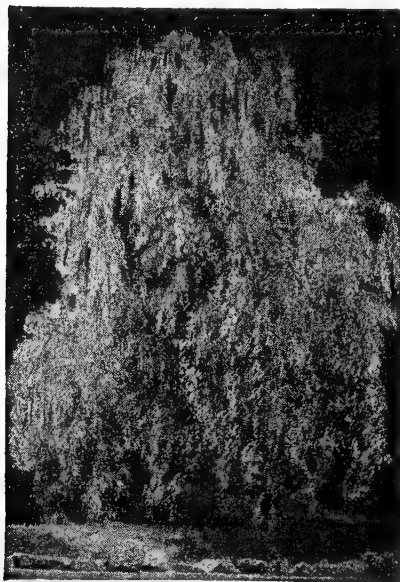

SILVER MAPLE—A very fast growing tree, round to oval in outline, with finely cut leaves, silvery underneath, which turn in fall to a beautiful, clear yellow coloring often brightened with brilliant red. The Silver Maple is not particular as to soil conditions and will thrive in moist or wet locations. 3 to 4 ft. trees, 70c each; 3 for \$2.15.

WISCONSIN WEEPING WILLOW—Long fine leaves borne on sweeping branches that reach to the ground when trees are a few years old. Trees grow to a great height and become very picturesque. Grow rapidly. 4-6 ft. trees, 85c each, 3 for \$2.25. Extra Heavy 6 to 8 ft., \$1.65 each.

LOMBARDY POPLAR—No other tree so stately and artistic for accent purposes. Plant in groups of 3 or 5, or in rows 2 to 5 feet apart. Marvelous for back-grounds and windbreaks, and planted along drives. Plant between fields to keep soil from blowing. Trees are branched from the ground up. Keep narrow columnar shape without any pruning. Rapid growers on any soil. Prices: 5 to 7 ft. trees, 50c each; 5 for \$2.00.

Silver Maple

Weeping Willow

CHINESE ELM (*Ulmus pumila*)—Very rapid grower. Will give ample shade in only 5 or 6 years from planting. Has dense, dark green foliage; is the first shade tree to leaf out in the spring, and the last to shed its leaves in the fall. Resists drought and cold, and succeeds in all parts of the United States. Does well in all soils, except on low, wet ground. Prices: 4 to 5 ft. trees, 50c each; 3 for \$1.25; 7 to 9 ft. trees, \$1.65 each.

RED BUD—When you see this magnificent tree in full bloom, a solid mass of cerise-pink flowers, against the blue of a spring sky, you are seeing one of the most lovely sights in all nature. It grows only 10 to 12 feet tall. The glossy, heart-shaped leaves turn yellow in the fall. Heavy 2-3 ft. trees, \$1.00 each.

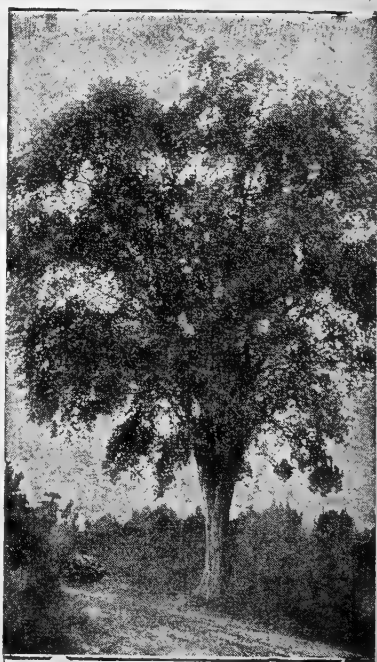

CUT-LEAF WEEPING BIRCH—No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear

it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. Strong 5 to 6 ft. trees, \$2.50 each.

RUSSIAN MULBERRY TREE—An ideal shade tree; luxuriant foliage; clean and hardy everywhere; a rapid grower. Bears an abundant crop of edible fruits which resemble blackberries and are very sweet. A few Russian Mulberry trees will save your cherry crops as the birds prefer the Mulberry to Cherries. Strong Bearing Age Trees, 6 to 8 ft., \$2.50 each.

EUROPEAN WHITE BIRCH—A large, thrifty, vigorous, upright tree with handsome leaves and a brilliant white bark. Complete your lawn with one of these outstanding trees. Note the young trees have a reddish bark which turns to a pure white a year or two after it is planted. Heavy 5 to 6 ft. trees, \$2.50 each.

AMERICAN ELM—Most Popular Elm. In our opinion the handsomest and most dignified of all the native trees. Probably more largely planted and better known than any other. A tall growing stately tree reaching 60 feet with a wide arching top and vases-like form. Extensively used for street planting where its wide-spreading branches form perfect Gothic arches over the street. 4 to 5 ft. trees, 60c each; 3 for \$1.35.

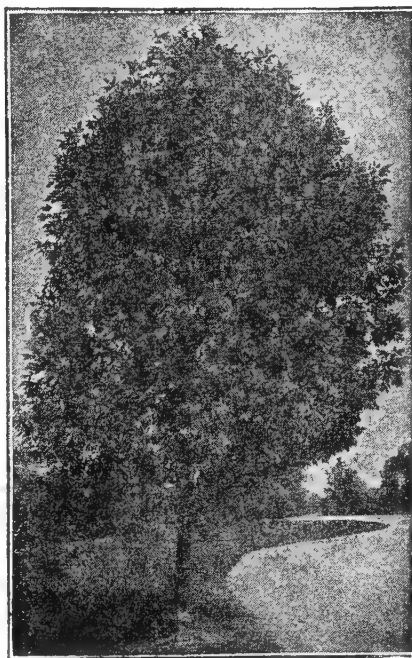

American Elm

THE FAMOUS AND LOVELY DOUBLE FLOWERING CHERRY

The loveliest of all the flowering trees. The kind that is famous in Washington, D. C., at cherry blossom time. Fast growing tree and perfectly hardy. Excellent as an ornamental the year 'round, but of course, its crowning glory comes when it is completely covered with exquisite pearly pink blossoms. Strong heavy rooted 5 to 7 ft. trees, \$3.75 each.

FLOWERING HOPA CRAB TREE—The finest flowering ornamental, low-growing tree—beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring it is simply covered with the fragrant, bright pink flowers. In late summer and fall, the clusters of small fruits turn a bright red. The foliage is a rich maroon in spring. It is perfectly hardy, easy to grow, growing even on the poorest soil with scarcely any care or attention. Strong 5 to 6 ft. trees, \$2.50 each.

GINKGO (or Maidenhair Tree)—"The Oldest Tree Known to Man". Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost invaluable. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall. Strong 5 to 6 ft. trees, \$3.00 each.

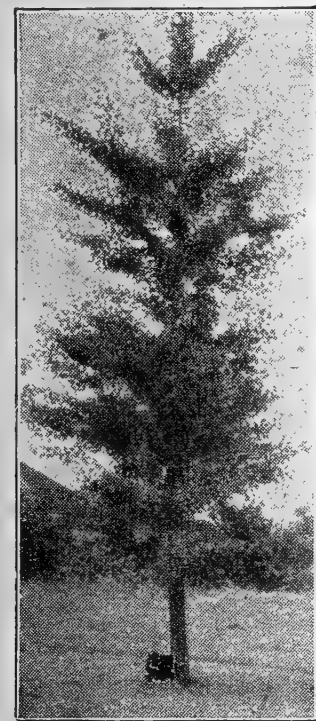

Mountain Ash

MAY DAY TREE—The bouquet tree of loveliness. The first tree to show green in the spring and be in full leaf when others start. Bloom very early in the season, usually April or May. The flowers are large, pure white and fragrant. The fruit is small and although edible and makes good jelly, it is better for the birds. Birds eat these berries and leave your cherries for you. May be left to grow in a bush form or trimmed to make a tree. You should have one of these new trees this year. 2 ft. trees 75c each.

MOUNTAIN ASH—Dazzling orange berried, the most beautiful lawn specimen tree! You'll want two in the front yard to balance your planting. Large clusters of orange berries remain through winter brightening the landscape. Graceful branches of fancy leaves thickly clothe mature specimens. Grows about 40 feet in height at maturity. Shapely oval head. Strong well developed trees, 6 to 8 ft., \$3.00 each.

NEW REDVEIN CRAB—Extra large red flowers. A large growing Russian Turkestan variety. Has remarkable large red flowers in April followed

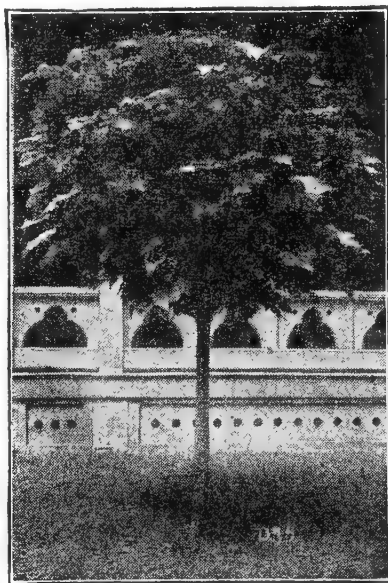

Ginkgo

by large purplish-red fruit and leaves. Strong 4 to 5 ft. trees, \$2.50 each.

WESTERN CATALPA—Well known hardy tree. Broad deep green foliage, with large, fragrant trumpet flowers in clusters in the spring. The Catalpa is a native of most parts of the South and is valuable for its durable timber and for ornamental purposes. 2 to 3 ft. size, 45c each; 3 for \$1.10.

AMERICAN WHITE ASH—One of the best ornamental shade trees. A handsome, hardy, broad-headed, quick growing shade tree, sometimes reaching 100 feet in height. Narrow leaflets and heavy, rugged twigs. 3 to 4 ft. trees, 50c each; 3 for \$1.15.

Western Catalpa

SELECT EVERGREENS

IRISH JUNIPER—The slender beauty. Erect and slender, formal and columnar in form. Very compact, deep green foliage. Reaches a height of 6 to 7 feet at maturity, but never over 1½ feet in diameter. Most striking spire-like shape of all the evergreens. Heavy 12 to 18 inch, \$1.15 each; 3 for \$3.00. Strong 2 to 3 ft. trees \$2.75 each; 2 for \$5.00. Strong 4 to 5 ft., \$4.50 each.

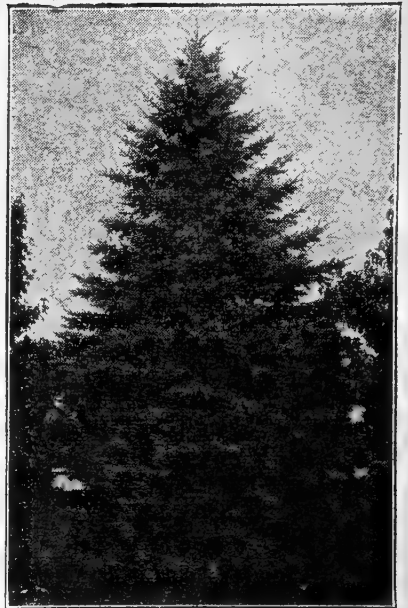

VIRGINIA JUNIPER—Famous red cedar. This variety is not formal, as is the case with most all of the Juniper family but, without losing its general compactness, the regularity of spread is uniquely attractive. The grayish green foliage changes to deep beautiful purple in the winter. Strong 7 to 10 inch trees, 60c each, 2 for \$1.00; strong 5 to 6 ft. trees, \$4.25 each.

SPINY GREEK JUNIPER—The tree with many points. This beautiful variety forms a tall, beautiful tree; broad base, gradually tapering to a tall, dense conical head. Color is a fine glaucous blue. Strong, heavy 18 to 24 inch trees, \$2.50 each; extra heavy 2 to 2½ ft., \$3.50 each.

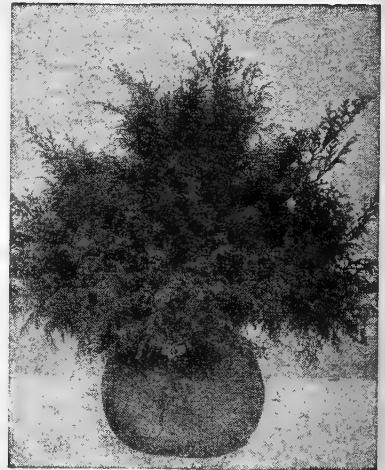

SAVIN JUNIPER—The foundation Evergreen. The favorite trailer—beautiful, dependable, and hardy everywhere. Dark green, tufted foliage covers dense, spreading branches, producing an ideal plant for the foreground, and giving the finest sort of finish to foundation groups, park or formal beds. It endures smoky conditions of the city, and is at home everywhere. Seldom over 3 feet high at maturity. Heavy 10 to 12 inch trees, \$1.25 ea.; 2 for \$2.15.

PFITZER JUNIPER—Popular Foundation Evergreen. A graceful low growing spreading evergreen with sweeping fronds of fresh green foliage. Very hardy, will do well in shady locations. Strong 15 to 18 inch trees, \$1.65 each; 2 for \$3.00; Heavy strong, 3 to 4 ft. spread \$5.00 each.

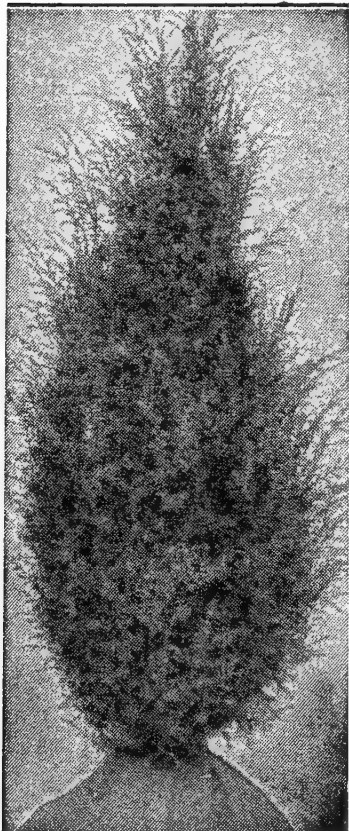

NORWAY SPRUCE—The Perfect Christmas Tree. A lofty, noble tree of open, pyramidal habit, exceedingly picturesque. Very popular and effective in evergreen groups, and one of the best evergreens for hedges. It is the kind most often used for Christmas trees, both when cut and mounted for inside use, or planted strategically outside to display the cheery strings of colored lights. 18 to 24 inch trees, \$1.00 each; Extra Heavy 2 to 3 ft. trees \$2.50 each.

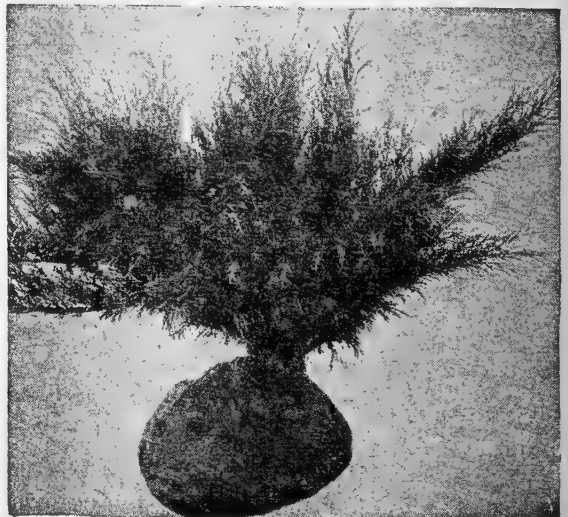

Norway Spruce

Pfitzer Juniper

Irish Juniper

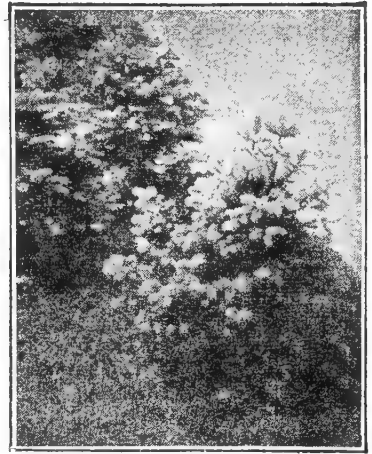

Savin Juniper

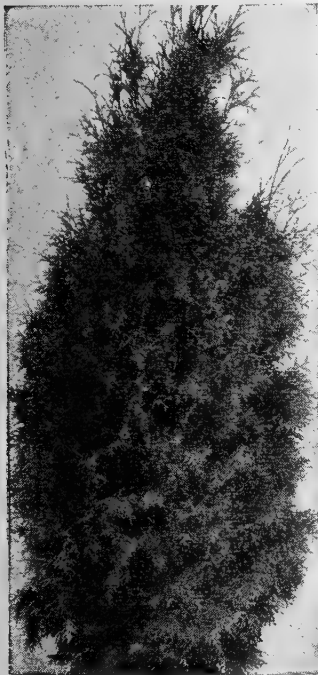

COLORADO BLUE SPRUCE—The Lawn Beauty. Most popular and showy of all Spruces. Glistening silver foliage. Very hardy, good grower, withstands severe winters and excessive moisture, and is very easily transplanted. When dormant the tree acquires a somewhat greenish cast, but as soon as the new growth makes its appearance, clothing it in a deeper cast of blue, the full beauty of this glorious tree can be appreciated to the utmost. Good 9 to 12 inch trees, 60c each; 2 for \$1.05; Heavy 18 to 24 inch trees, \$2.25 each.

SCOTCH PINE—The Lawn Candle Tree. Foliage light green with bluish cast, reddish brown branches forms a rounded head, will thrive in almost all soils. Very hardy. Strong Heavy 3 to 4 ft. trees, \$3.00 each; 2 for \$5.00.

WOODWARD ARBORVITAE—The Perfect Ball Evergreen. This fine globe Arborvitae is becoming one of the most popular varieties due to the fact that it keeps the globe habit without trimming and does well under all conditions. Seldom grows higher than 3 ft. Dense foliage of deep sea-green color. Good 8 to 10 inch trees, \$1.10 each; 2 for \$2.00; Extra heavy, 12 to 15 inch, \$1.75 each; 2 for \$3.00.

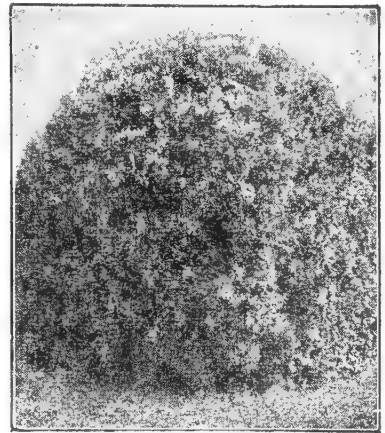

Colorado Blue Spruce

Pyramidal Arborvitae

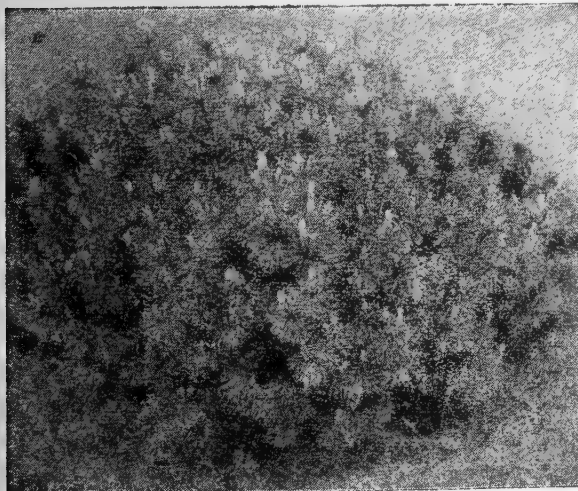

SPREADING YEW—The Perfect Tree for Shade. Spreading variety. Habit of growth similar to Pfitzer Juniper. Foliage is a shade of dark green different from other evergreens. May be sheared for a low hedge, allowed to throw out its graceful wands for informal corner plantings, or kept trimmed back into compact shape. Numerous red berries form and hang close to the branches all winter. Will do well in the shade. Heavy 18 to 24 inch spread, \$3.00 each; Extra Heavy, 2 to 3 ft., \$4.35 each.

Woodward Arborvitae

MUGHO PINE—The Dwarf Candle Tree—Valuable for all low group plantings. Dwarf in habit, forming a low dome-shaped mound. Color a dark green except in early spring when the tender new growth of light green gives it a two-color effect. Good 9 to 12 inch, \$1.00 each; Extra Heavy 12 to 15 inch spread, \$2.00 each.

PYRAMIDAL ARBORVITAE—The Landscaper's Delight. Grows compact and develops naturally into a perfect pyramidal form. Foliage deep green, retaining its color throughout the season. Fine for foundation, group or garden planting. Mature heights, 12 to 15 ft. Heavy 20 to 30 inch trees, \$1.75 each.

Mugho Pine

BIOTA AUREA NANA—Dwarf Golden Layer Tree. A very compact, slow-growing dwarf type; valuable for foreground. The flattened leaf-clusters face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green. Extra Strong and Heavy, 15 to 18 inch, \$2.00 each; 2 to 3 ft. trees, \$3.50 each.

ANDORA JUNIPER—Low growing, spreading dwarf evergreen. Beautiful silvery green in spring turning to rich purple-bronze in Autumn. Heavy 10 to 15 inch trees, \$1.15 each; 2 for \$2.00.

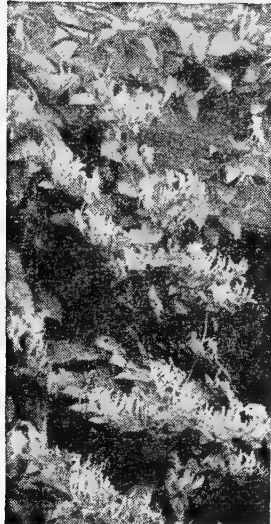

PLEASE NOTE

All of our Evergreens are carefully dug to get all the tender roots. The soil is then removed and the roots are then wrapped in moss and paper or burlap. This method of packing eliminates 25 to 50 pounds of soil, saves the vital fine roots, insures better growth and makes possible low cost parcel post or express shipments.

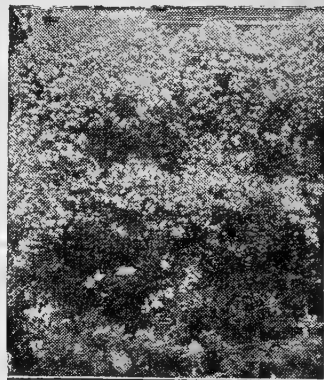

BETTER CLIMBING VINES

EVERGREEN BITTERSWEET

(*Euonymus Vegetus*)—A beautiful thick leaved evergreen shrub or vine. Will grow in either shady or sunny location. If planted near a wall, they make a low vine, and if planted in the open, they grow into a low spreading evergreen shrub. They bear bright orange-red berries in the autumn like the wild Bittersweet, the berries remaining on the plant the greater part of the winter. The plants also hold their beautiful green leaves all winter. 2 yr. vines, 85c each; 2 for \$1.50.

Gold Flame Honeysuckle

Silver Lace Vine

SILVER LACE VINE

In a short few years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. Gives a most exquisite effect and is one of the most satisfactory vines. 2 yr. vines 75c each; 2 for \$1.35.

CLEMATIS, EDOUARD ANDRE (The New Red Clematis)—Rare, new, large flowering variety of Clematis—the same type as Jackmani except rich red flowers. Flowers often 4 to 6 inches across. Blooms over a long period and extremely beautiful. By all means, plant one with your purple Clematis. Heavy 2 year, 85c each.

CLEMATIS JACKMANI (The Large Purple)—Immense, velvety purple flowers in late spring cover this vine entirely. The most sure blooming of all the vines, and blooms are extremely large. Grows rapidly, and blooms right away. Heavy 2 year, 75c each.

CLEMATIS, RAMONA (New Lavender-Blue)—Large flowers of lavender-blue throughout the summer and autumn. Flowers are well dispersed on the plants, which reach a height of 10 to 12 feet. Heavy 2 year, 85c each.

CLEMATIS, HENRYI (Best Large White)—Large creamy white flowers. A strong grower and very hardy. One of the best of the white varieties. A continuous bloomer. Heavy 2 year, 85c each.

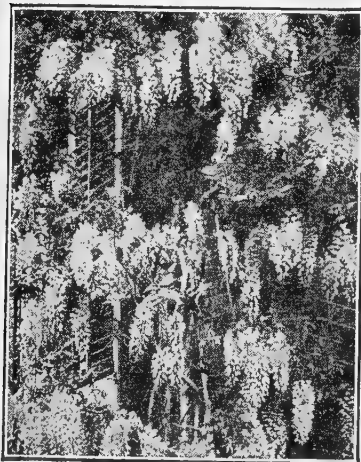

Trumpet Vine

BITTERSWEET VINE—This true red berry Bittersweet which is so beautiful in the fall. Foliage is a very attractive glossy green and covered with fiery, orange-red berries. Plant two of these together for pollination if possible. Heavy 2 year, 60c each, 2 for \$1.00.

TRUMPET VINE—Graceful orange-red trumpet-flowers measure 4 inches long. Bloom all summer. Ornamental seed pods. Fancy-cut green leaves in abundance. Hardy. Heavy 2 year, 50c each.

GOLD FLAME HONEYSUCKLE—Immense, showy clusters of trumpet-shaped buds and fragrant blooms. Outside petals brilliant flame-pink, while the inside is a creamy golden yellow. Dark glossy foliage. Blooms freely from early spring until cut down by heavy frost, 2 yr., 65c each; 2 for \$1.00.

Wisteria

KUDZU VINE—A perennial, producing large foliage and dense shade. A well-established vine will grow 40 to 60 feet in a single season. Produces rosy purple, pea-shaped flowers late in the season. 2 yr. No. 1 vines 55c each, 3 for \$1.35.

WHITE WISTERIA—Beautiful climbing vine of rapid growth, producing long, pendulous clusters of white flowers. Fine for shading the upper part of a house. Will find its way up any support. 2 year plants, 65c each, 3 for \$1.50.

LILAC-PURPLE WISTERIA—Tall vigorous climber, producing lilac purple flowers. 2 year plants, 65c each, 3 for \$1.50. Extra Heavy 4 yr. plants, \$1.25 each.

DEEP BLUE WISTERIA—Strong growing vine loaded with deep blue. Extra long clusters, sometimes two or three feet long, very valuable. 2 year plants, 65c each, 3 for \$1.50.

HARDY HEDGE PLANTS

RUSSIAN MULBERRY—Hardy in all states—never winter-kills. Superior to other kinds, as it makes a dense hedge from the ground up. Unlike most other hedging varieties as to growth and shape of leaves; very attractive foliage, making an outstanding and beautiful hedge, altogether different than old common varieties. Cannot be surpassed for tall hedges to hide unsightly views, or can be pruned to any height desired. Be the first in your locality to get started with this outstanding hedge.

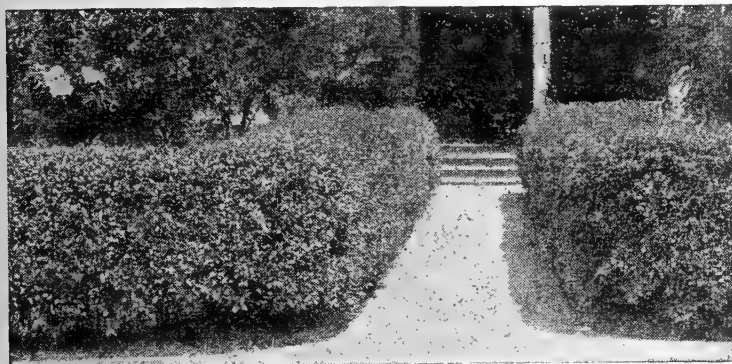

SPIREA VAN HOUTTI (Bridal Wreath)—This shrub has done more to beautify the homes of America than any other. It is by far the most popular and widely planted, it makes good everywhere. Can be used for foundation planting, as a single specimen, for screens, hedge—in fact any place you want a medium tall shrub. It grows in sun or partial shade. Notice our low prices.

CHINESE ELM—It can be kept trimmed to a medium height or grown as a taller screen. The more you trim it, the more dense and compact it gets. Grows so rapidly that it will make a hedge in just a few months. Perfectly hardy and planted in every state. Hardy, Beautiful, Fast Growing and priced very low. As it becomes known, it will be planted for hedging by the millions. The plants we offer are well branched, especially selected for hedge planting.

AMOR RIVER PRIVET—Most popular, low-cost, hardy hedging for the North. Produces an abundance of dark green, glossy leaves on upright branches. Free from insects and diseases! White flowers in clusters, and berries. Set plants 10 to 12 inches apart. Can be clipped any time during summer and kept desired height and shape. Also used unclipped for foundation plantings around tall buildings, and for screens along alleys.

GREEN BARBERRY—A very popular, low growing hedge. Untrimmed, it makes a dense, rounded hedge 2 to 3 feet tall and almost as wide, but it can be trimmed to any desired height and width. The foliage is bright green, turning a beautiful orange-scarlet in the fall and the bright red berries gleam along the branches all winter. Grows in sun or partial shade.

LOMBARDY POPLAR—A unique and beautiful living green wall. Set Lombardy Poplars 1 foot apart and cut the tops off straight like a hedge. Makes a solid wall through which no animal can crawl. Hardy, healthy, thrives on poor soil. Branches from ground up. Large trees on page 20.

THE DELTA FIG Grow Your Own Large Sweet Figs

This new fig is fine for commercial as well as for home use, can be used as fresh fruit, canned or dried. The fig is large, straw colored, thin skin, yellowish pink meat, finest flavor, sweet, prolific. The skin rarely ever cracks. Ripens fruit over a long season, starting in August and still bearing heavy in October. If your temperature does not go much below zero in winter then cut fig limbs back to 10 inches high and cover remaining stubs with about 8 inches of dirt, a few leaves or straw will also help, do this in the fall before frosts, remove protection in the spring after danger of frost is over. The fig plants grow very rapidly after protection is removed, often growing to a height of 7 feet in one season. The fruit is produced on the 1 yr. wood, almost every leaf grows 1 or 2 figs on it.

Order immediately as our supply of plants is limited. Good 18 to 24 inch plants, \$1.50 each; 2 for \$2.50.

Delta Fig

ZILKE'S HARDY PERENNIALS

Plant Zilke's Hardy Perennial plants this spring and assure yourself of lovely flowers for many years. **WE PAY THE POSTAGE ON EVERYTHING LISTED ON THIS PAGE.**

Yucca

cones of brilliant orange-red flowers borne on strong canes 2 to 3 feet high. Will do well on any soil and will bloom abundantly year after year. Get a few of these and enjoy their brilliant coloring. 2 yr. heavy, 50c each; 3 for \$1.25, Postpaid.

CREeping PHLOX

THE DWARF CREeping PHLOX

Makes a beautiful blanket of bloom in April and May. Foliage evergreen and mossy. Grows 4 to 6 inches high. The perennial you have been looking for to cover a bank or terrace, as well as an early flowering border plant. Choice of Blue, Pink, Red or White. State color wanted. Price 40c each; 3 for \$1.00.

SWEET WILLIAMS

An Old-Fashioned Flower Which is Now Returning to New Favor in Modern Gardens

One of the best loved old-fashioned flowers. No garden is complete without a few of these plants. Very easy to grow and sure prolific bloomers. Will add much color and charm to the beds or border. We offer heavy rooted plants in Pink, Scarlet or White colors which will bloom this summer. Heavy Plants, 45c each; 3 for \$1.25 Postpaid.

2 NEW HARDY GERANIUMS

Just ordinary light or medium soil and a sunny position will suit these plants admirably. Can be planted in groups on the margins of borders or in the rockery. Plant in spring or autumn, 8 to 12 inches apart. Once established do not disturb then they will grow and flower with great freedom and produce a pretty effect the entire summer. We offer 2 Popular Varieties:

BLUE BEAUTY—Bushy plants mantled with big blossoms of pure blue lavender from early June to mid August. Highly effective hardy perennial for sunny places or in the shade.

SANGUINEUM—Grows to a height of 18 inches; trailing habit. Heavy, dense, deep green foliage, changing to mahogany toward fall. Flowers are very large, dark purple-red.

Heavy 2 yr. plants, 85c each; 2 for \$1.50, Postpaid.

NEW RED YUCCA

One of the most sensationally popular plants ever grown due to its dazzling coral-pink bells which are borne along the stalk in alternate arrangement, starts blooming in June and continues until frost in the fall. Very easy to grow, usually blooms 2nd year after planting and is lovelier every year. Grows from 3 to 5 foot tall, ideal for specimen plant or for background. Does well planted in ordinary soil. Prices: Heavy 2 yr. plants, 2 for \$1.45 Postpaid; Heavy 4 yr. clumps, 2 for \$2.00 Postpaid; 5 for \$4.00 Postpaid.

WHITE YUCCA

Its broad, sword-like foliage and tall, branched spikes of large, fragrant, drooping, creamy white flowers make it an effective plant for all positions. The foliage stays green the year around, bringing it in the class of "evergreen plants". 2 yr. plants, 45c each; 3 for \$1.00; 4 yr. clumps, \$1.15, Postpaid.

LILY-OF-THE-VALLEY

One of the most beloved of all old-fashioned plants. Large, ornamental, waxy green leaves, dainty stems bearing beautiful, tiny, bell-shaped florets. Richly scented. Excellent for beds in shady locations. 4 for \$1.15; 10 for \$2.25 Postpaid.

IMPROVED CHINESE LANTERN

Also known as "Winter Cherry". The red balloon-like fruit form excellent winter decoration as they dry and retain their color through the winter. 4 for \$1.00 Postpaid.

TRITOMA

(Red Hot Poker)—One of the flashiest and most showy of all the garden plants. Large, elongated

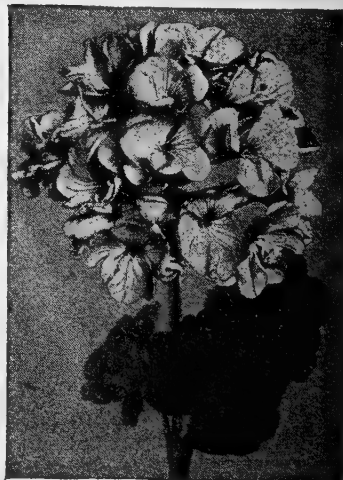

Lily-of-Valley

NEW HARDY CARNATIONS

Big fluffy flowers with fringed edges, measuring 1½ to 2 inches across. Bloom profusely all summer in ordinary garden soil. Hardy and easy to grow, lovely for bouquets and corsages. Your choice of colors, Maroon, Red, White, Pink and Yellow. Strong plants, 35c each, 5 for \$1.35, Postpaid.

BLEEDING HEART

Beloved by all. One of the most delightful of the spring-flowering plants. Bears numerous rosy red, heart-shaped flowers pendent on long arching stems. Grows to a height of 2 feet. It was a favorite of Grandmother's day and is still good. Don't fail to get it at this price. 60c each; 2 for \$1.00, Postpaid.

Hardy Geranium

NEW OUTSTANDING PHLOX

Phlox produce magnificent spikes of showy, lasting and fragrant flowers, year after year with comparatively little care. They are the main standby for harmonious garden color through the difficult month of August. Every Phlox we offer is field grown and is heavily rooted. A bed of Phlox once planted will last a life time, without special care. Extra heavy plants 40c each; 5 for \$1.75; 10 for \$3.00, postpaid.

BORDER GEM—A choice purple. An outstanding color.

BORDER QUEEN—Watermelon pink. Florets large as a silver dollar on enormous heads. An early and long bloomer. 15 inches high.

ETHEL PRITCHARD—Largest, best and freest flowering lavender.

MARY LOUISE—Finest white known. Late bloomer.

MRS. W. G. HARDING—A deep rose; faintly flushed scarlet. Choice. Always good.

ORANGE BEAUTY—Brilliant orange-scarlet. New. Very striking.

CAROLINE VANDENBURG—Perhaps the most attractive of the blue shades; a deep lavender-blue without the magenta shades or white streaks that appear in so many varieties of this color. Large individual flowers.

RHEINLANDER—Large, beautiful salmon-pink flower heads on good strong stems. An old-time variety of excellent habit and growth.

LILLIAN—Lovely pure pink without a trace of magenta or rose. The flower heads are of good size and the individual flowers large.

ROSEA SUPERBA—Soft lilac pink with deeper pink eye. Exceptionally large flower heads. One of our finest.

SALMON GLOW—A lively pink with salmon shadings; the effect being a bright salmon.

RUBY LEE—Very large flowers of plum red, large panicles, strong in growth.

PRIME MINISTER—This is the best of all bi-colored whites. Extra large florets of clear white with violet eye.

SAN ANTONIO—New! Most vivid and brilliant color of carmine shaded plum-red. Good clean grower. Foliage is healthy and strong.

BLUE BOY—New! The nearest to dark blue in Phlox. Strong grower. Medium height.

CHIEFTAIN—Very deep dark red. Bushy up-right grower. Flowers large and striking.

SALMON BEAUTY—One of the most colorful of all Phlox. Large white eye in giant salmon florets. Color blends well with other Phlox.

FLASH—One of the better new crimson red colored phlox.

PHLOX SPECIAL

1 plant of each variety, of the 18 different Phlox that we have listed, each plant will be correctly labeled and carefully packed.

Remember this collection represents the best in new Phlox.

SPECIAL PRICE ----- **\$3.95**

HARDY CHRYSANTHEMUMS

60c each; 3 for \$1.50; 10 for \$4.35; 25 for \$10.00 Postpaid

WE HAVE SELECTED THE FOLLOWING 19 BEST VARIETIES OUT OF THE HUNDREDS OF KINDS GROWN TODAY—THE CREAM OF ALL CHRYSANTHEMUMS. WE FEEL YOU WILL BE MORE THAN SATISFIED. PLANTS WILL BE SHIPPED AFTER APRIL 15TH.

ALGONQUIN—Fine, brilliant, double yellow blooms. September. 18 inch.

AMBER GLOW—A 2½ inch flower of soft salmon or peach pink. Flowers very profusely. Blooms October.

CLARA CURTIS—Produces great masses of fragrant pink, daisy-like single blooms. Early September. 2 ft. tall.

DAHLIA FLOWER—It is a purplish wine, the richest of colors. The plants are of sturdy habit and first blooms appear around the middle of September.

DEAN LADD—Very early flowers of double reddish-bronze, a unique autumn color.

DEAN KAY PINK—Produces a great abundance of excellent rose-pink flowers in a profuse mass. Perfectly hardy. Grows about 24 inches tall.

EARLY BRONZE—A remarkable early flowering Pom Pom. Its flowers of beautiful orange bronze in full glory in September.

SPOON YELLOW—Brilliant clear yellow.

BESSIE BROWN—Reddish-brown.

SUNKIST—Dwarf, bright orange.

APOLLO—Sparkling bronze, red and gold. 2½ ft.

SEPTEMBER BRONZE—Shapely little Pom Pom blossoms, shading from golden bronze to intense warm bronze, cover the plant from mid-September until killing frost.

LITTLE ESKIMO—Pure white, ball shaped flowers 1½ inches in diameter that do not fade to pink. Are produced abundantly in August.

MT. RANIER—Very fine white variety. The best of all new white varieties. Blooms early September. 18 inches tall.

RED FLARE—Bright red, Pom Pom type. Height about 18 inches. Blooms mid-October.

RED GOLD—A dwarf double, bright scarlet Pom Pom type. Matures in August.

RED VELVET—Rich velvety crimson with glowing sheen. Shapely, fully double medium sized 3 to 3½ inch blooms on sturdy stems. Blooms early October.

ROSE GLOW—Lovely raspberry, rose-pink blooms in glorious profusion from September on.

SPOON ORCHID—The flowers of the popular spoon form are a clear orchid color and of generous size. One of the most interesting.

DWARF CUSHION MUMS CHRYSANTHEMUMS

These make a rounded, compact bush that from August to Thanksgiving is a mass of exquisite flowers—hundreds of flowers. Hardy; easy to grow. We offer these in bronze, white, pink, red and yellow—state color wanted. Price, 40c each; 5 for \$1.65, postpaid. Plants will be shipped after April 15th.

GLADIOLI BULBS

Large Blooming Size Bulbs 10c each, 3 for 20c, 6 for 35c,
12 for 60c Postpaid

COMMANDER KOEHL—The World's Finest red Gladiolus. Gorgeous rich glossy flowers of great brilliance, huge size, perfect form, and without a speck of any other color.

SNOW PRINCESS—A very fine new white of good size and form. Tall, with long flower spike and many open blooms that are always perfectly placed. Snow Princess is one of the very best whites. Mid season.

BAGDAD—A gigantic flower of an unusual old-rose color, being in a class by itself. Florets often 7 inches across, and up to 10 open at once, on a strong tall spike.

PELEGRINA—Some years ago there was no such thing as a blue gladiolus, but blues have been gradually developed until now we have a PELEGRINA the PERFECT DEEP BLUE GLAD. It is a fine, large, outstanding, lustrous intense deep blue flower of perfect form and received the highest vote of all the blues. Always a prize winner.

CHAS. DICKENS—Violet-purple with very tall, gracious spikes having from 10-12 florets open at a time. One of the best of this color.

MARGARET BEATON—Another sensational Gladiolus. Pure white with an orange throat. Enormous flowers, well spaced and of heavy substance.

ROCKET—Wonderful large light red. Very good.

GOLDEN DREAM—Has always been tops in yellow and again received the highest number of votes of any yellow. A rich, deep, golden yellow

CORONA—This popular large cream with pink edge in great demand with all growers.

ALADDIN—Large ruffled salmon with creamy blotch throat.

BEACON—Very large red, tall and straight, cream throat. Wonderful cut flower.

GLADIOLI SPECIAL

1 Bulb of each of the 23 varieties that we have listed on this page. Each bulb will be in a separate bag and very carefully labeled.

REMEMBER THIS COLLECTION REPRESENTS THE BEST IN GLADS.

SPECIAL PRICE ---- \$1.59 POSTPAID

PHYLLIS McQUISTON — An excellent all around pure pink, without markings. If you love pure colors this is the one you should have in your collection.

VAGABOND PRINCE—A very rich, mahogany brown, with glowing scarlet blotch. Many well placed florets open at once in a very striking manner.

GOLDEN EAGLE—An early blooming golden yellow, especially adapted to forcing. Excellent when used commercially or in the home garden.

PICARDY—A clear, pure pink, beautifully tinted with red in the throat. Flowers large, 5 to 5½ inches across. One of the most popular varieties.

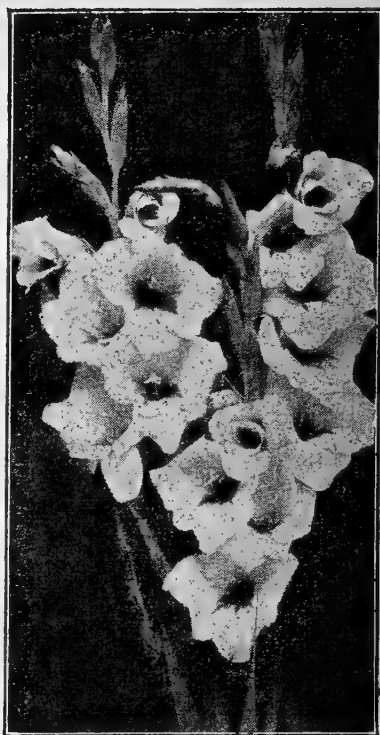

AVE MARIA—Medium blue with purple blotches, an old standard with several good sized blooms.

RAINBOW MIXTURE GLADS

This mixture is made up from the varieties that we list and many others. Guaranteed to please you.

Large blooming size bulbs, 10 for 60c, 25 for \$1.35, 50 for \$2.25, 100 for only \$4.00, Postpaid.

PLEASE REMEMBER THESE BULBS ARE ALL GUARANTEED TO BE FIRST CLASS IN EVERY WAY, NO JUNK OR CHEAP SCRAP.

Snow Princess

LAVENDER RUFFLES—Pure light lavender. Wide open florets, slightly recurved and attractively frilled.

PEGGY LOU—Immense flowers of a deep pink color. Specially priced.

GOLDEN CHIMES—Highly ruffled light yellow.

QUEEN OF BREMEN—Wonderful bright lavender florets. Very early.

MAID OF ORLEANS—A pure snow white, and one of the best white varieties.

PURPLE GLORY—Deep velvety maroon-red with slightly darker harmonizing blotches. The large, well placed flowers, beautifully ruffled.

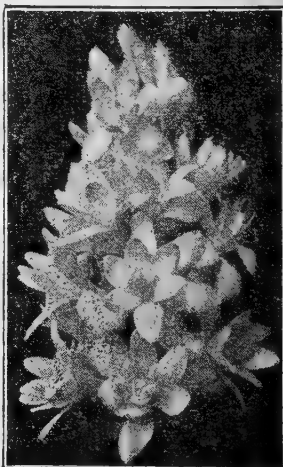

FLAMING SWORD—A very early decorative type. Deep red large flowers.

TUBE ROSES AN UNUSUAL VALUE

NEW MEXICAN

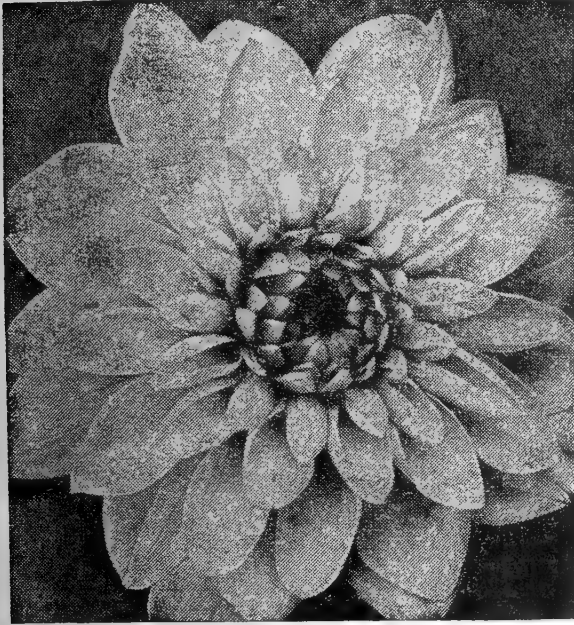

This charming single pure white Tuberosa begins to flower in July and continues throughout the season, each bulb throwing from 2 to 5 flower spikes in succession. Delightfully fragrant. Store the bulbs just like Gladioli over winter.

6 bulbs for \$1.50
Postpaid

SELECT BETTER DAHLIAS

Every tuber is guaranteed to be sound, carefully trimmed, no broken necks. We include free planting instructions with every Dahlia order.

AVALON—Our favorite yellow because its large, perfect, clear yellow blooms are produced so freely. Each, 45c.

PRIDE OF STRATFORD—The best red-orange Dahlia known. Strong grower and profuse bloomer. 40c each, Postpaid.

SCARAMOUCHE—Very large Indian Red. 50c each, Postpaid.

DOAZON—Giant size, orange-scarlet. Very decorative. 40c each, Postpaid.

THE BETTER CANNAS

These dazzling plants with their large foliage of almost tropical appearance, and clusters of massive well-formed blooms which are borne on strong stems, are among the most outstanding of all garden flowers. They are particularly fine as a bedding plant, and the fact that they must be taken up in the fall makes them desirable for use where a permanent planting is not wanted.

Strong Roots, 29c each, 5 for \$1.15; 12 for \$2.25 Postpaid

ALLEMANIA—(4 ft. tall) Flowers are bright scarlet with yellow border, green foliage.

THE PRESIDENT—(4 ft. tall) Glowing scarlet, extra large trusses of brilliant color. The finest red canna of today. Green foliage.

SPECIAL SALE PRICE \$3.50, POSTPAID

ZUNI—40 in. Huge flowers of an unusual rich glowing red-brown color, suffused copper. The huge flowers are of the most perfect form, of very heavy substance and a rich velvety texture and nicely placed on tall branching stems. \$1.00 each.

DOLLY MADISON—36 in. Early. Very large flowers of fine form and heavy substance in a most intriguing blend of soft pastel colors, with a brilliant orange beard in striking contrast. 40c each.

MORNING SPLENDOR—36 in. Fragrant. The very large flowers are of rich dubonnet red, perfectly formed, of heavy substance, delightfully fragrant, hardy and free flowering. The color is fiery red when the sun shines through it. 60c each.

SIERRE BLUE—50 in. An exceptionally smooth refined flower of clear blue, with heavy substance, immense size, perfect form and towering over four feet high. 60c each.

MRS. VALERY WEST—40 in. Fragrant. It is an Iris of huge size, perfect form, heavy substance and nicely branched, in a rich brown-red and crimson blend. It leaves nothing to be desired in a perfect Iris. 60c each.

RAMESES—42 in. Rameses is a perfect flower in every way, in a blending of pink and soft yellow, with a pronounced yellow glow at the center. 45c each.

CLARA NOYES—36 in. Early. This is one of the most outstanding of the newer Irises, and is now offered at a very modest price for such a beautiful flower. It is a rich blend of "Talisman Rose" color. No garden should be without this charming Iris, now that it can be had at such a low price. 40c each.

CHEERIO—The best red toned bi-color, the falls being vivid, glowing, satiny ruby red, while the standards are of soft rose flushed yellow. A perfect flower and profuse bloomer. Height 40 in. \$1.00 each.

BRONZE CHAMPION—30 in. Bronze medal winner, pure bronze. 50c each.

ALTA CALIFORNIA—48 in. The tallest and one of the largest and finest new yellow Irises, making a magnificent effect in mass. Exceptionally free flowering. Clear deep yellow, with falls faintly bronzed, which adds greatly to its attractiveness. Perfect form and texture. 45c each.

BROWN BETTY—43 in. An amazingly beautiful brown tone. 70c each.

LADY PARAMOUNT—44 in. Very early. Huge flowers. Best medium yellow. 40c each.

MISSOURI—44 in. Very fragrant. The outstanding iris of the year. A large flower of true deep blue coloring and perfect form, with flaring velvety falls and excellent substance. Has every good quality. 70c each.

GRACE STURTEVANT—36 in. It is an unusual and very rich red-brown and carmine blend, introducing a new richness and a new color tone to the Iris family. 70c each.

EUPHONY—36 in. One of the best of the copper blends. Upper petals beautifully ruffled pure copper; lower petals soft copper, veined deep copper and flushed soft violet. 50c each.

MARY GIBSON—42 in. Early. A handsome soft rosy-bronze blend, with a yellow throat and rich golden beard. Always a great favorite. 45c each.

EVELYN BENSON—39 in. A gorgeous Iris of perfect form in a uniform carmine self color. Nicely branched and extremely free flowering. 40c each.

FRIVOLITE—36 in. A most attractive and brilliant shrimp-pink, with a flush of soft yellow at the throat. Shrimp-pink is a most unusual color tone in any flower and Frivolite is one of the best Iris of this color. 60c each.

OCTOBER BLAZE—24 in. One of the most attractive of all the Fall bloomers, being somewhat similar to Dauntless in color, giving us a brilliant red tone. 85c each.

PINK OPAL—48 in. One of our very choice soft pink tones. This variety is well named. 75c each.

WINNESHEEK—36 in. We consider this one of the best of all the near blacks, the actual color being deepest midnight blue violet. 70c each.

PLUIE D'OR (Golden Rain)—41 in. A fine deep clear tall yellow that is unsurpassed for landscape effect. A prodigious bloomer, entirely hiding the plant by its mass of flowers. 50c each.

ZAHARON—42 in. An indescribably beautiful blending of subtle soft pastel tints. 60c each.

TALISMAN—38 in. Delightfully fragrant. Should be in every garden, as it is in the exact colors of the World's most famous Talisman rose, a subtle blending of red, yellow, pink, and cham- ois, with an electric blue flush down the center of the falls. 50c each.

MILDRED PRESBY—30 in. There are only about half a dozen good white bi-colors and Mildred Presby is one of the best of them. The standards are creamy white and the falls are of a rich, deep, velvety pansy-violet, in striking contrast. 50c each.

ALINE—32 in. A fragrant gorgeous rich sky blue. 50c each.

BLUE VELVET—46 in. One of the most beautiful Iris of the century and one of the most appropriately named, as the entire flower seems to be cut out of velvet and the color is an intense deep rich blue. 45c each.

BLACK WINGS—40 in. Fragrant. Near black, and one of the best of this color. Looks absolutely black in some lights, the color actually being Violet, with a black lustrous overlay and a richness that is unsurpassed. 85c each.

BALDWIN—40 in. Early. Gigantic flowers of fine form and heavy substance in brilliant medium blue, with a flush of soft violet. 45c each.

JUNALUSKA—38 in. The falls are vivid velvety carmine of dazzling brilliance. The standards are a lovely rose and soft yellow blend, with threads of gold running through them. The flowers are of huge size, perfect form, heavy substance and very free flowering. 75c each.

SHAH JEHAN—38 in. A multi-colored Iris with seven distinct colors, but a flower of the greatest refinement notwithstanding its lavish colors. It is considered by many as one of the greatest achievements of Iris development. The standards are soft creamy buff, flushed soft lavender and suffused gray, fading to almost pure white as the flower ages. The falls are deep rich ruby-red, with a one-eighth inch white border. 60c each.

PRESIDENT PILKINGTON—46 in. Many magnificent, large, perfectly formed flowers, of an outstanding lavender blue, blending of colors, are produced in the greatest profusion. 50c each.

CHARM—38 in. New. Fragrant, superb large flowers of brilliant red. \$1.00 each.

DAUNTLESS—40 in. One of the finest and purest red toned Irises. A prodigious bloomer and a magnificent Iris in every way. 85c each.

JULIA MARLOWE—42 in. Fragrant. Fine large flowers with Chinese-violet standards and rich raisin purple falls. The flowers are immense and with its straight hanging falls and erect standards creates a never to be forgotten garden picture. 60c each.

KING JUBA—40 in. Yellow and carmine. 45c each.

ETHELWYN DUBUAR—38 in. Fragrant. One of the finest orchid pink tones. 70c each.

PARCEL POST RATES

PLANTS

In small bundle shipments, prepaid parcel post is the cheapest way of shipping. By sending necessary amount for postage in advance you save the 12c O.O.D. fee collected by the Post Office department on delivery. If you wish small shipments prepaid on items not listed as prepaid in our catalog, consult table at right, for correct amount needed for prepaid parcel post. Small shipments are cheapest by being prepaid. If you do not include postage with your remittance, we shall assume that you want your stock shipped O.O.D. for postage charges. For postage rates, first look in which group you live, then consult the group at right for necessary postage, include this amount with your order and we will ship prepaid.

ORDERING INSTRUCTIONS

TERMS—Terms are cash for all orders under \$5.00 and all orders of \$5.00 or more will be booked if 25 per cent or more accompanies the order, balance before shipment or C. O. D.

REMITTANCE—We accept money orders, personal checks, registered cash by mail and good clean postage stamps.

SHIPPING SEASON—Plants are dug and shipped from about March 5th to May 20th, according to the weather conditions. At this time the plants are fully dormant and will carry well to any part of the country.

TRANSPORTATION AND CHARGES—Read parcel post rate instructions on page 48. For express shipment consult express notice middle of page 48.

FALL SHIPPING—Fall shipments are made after October 15th to November 30th, according to the weather conditions.

PACKING—No charges are made for wrapping and packing, which is done in the best possible manner. Plenty of damp moss and other materials are used to keep the plants in a perfect condition.

PLANTING INSTRUCTIONS—Planting instructions are included free with each nursery stock shipment, if requested.

WHEN TO ORDER—As there may be a shortage of the particular varieties you want it is best to make up your order and send it in as quickly as possible. Stock will then be reserved and shipped at specified time.

REFERENCE—State Savings Bank, Bridgman; American Railway Express Agent, Bridgman; Mr. C. A. Boyer, Dept. of Agriculture, Lansing, Michigan.

INSPECTION—A certificate of inspection is attached to each nursery stock shipment that we make.

BARODA, MICHIGAN

NEW RED EVERBEARING RHUBARB

MacDonald
Rhubarb

MACDONALD is the finest of all Rhubarb. The stalks are giant in size, twice as large as ordinary Rhubarb. Bright red color. Very tender and stays tender a long time. It has the richest flavor and also more sugar, therefore requires less sweetening when cooked. It makes the finest Rhubarb pies and sauce you ever tasted. The skin is a bright red, but the inside flesh is white, so when the sauce is cooked it has just enough tinge of red to make it look appetizing. It is a tremendous yielder, that is why we call it everbearing, because as fast as you pull one stalk another comes up to take its place. You can use it over a much longer period of time than ordinary Rhubarb. The stalks are 18 to 24 inches long, many half as thick as your wrist. Nothing you can plant in your garden will give you more returns than MacDonald Rhubarb. We recommend it very highly, not only because it is healthful, but because it tastes so good. Lasts a lifetime. Heavy 2 yr. divisions, 60c each, 3 for \$1.50, 10 for \$4.75, 50 for \$20.00; 3-yr. clumps 85c ea., 3 for \$2.40; 10 for \$7.00.

CANADA RED RHUBARB—Sweet, tender and red all the way through. A brand new rhubarb imported from Canada. The stalks are dark red clear to the heart and up into the leaf. Produces large plump stalks that are very sweet, fine flavored and makes the most beautiful red sauce. Quickly grows into a large clump. A few matured plants will supply the average family. Hardy everywhere. Thrives anywhere. This is the earliest spring fruit. No. 1 Divisions, 75c each; 3 for \$2.00; 10 for \$6.45.

New Paradise Asparagus

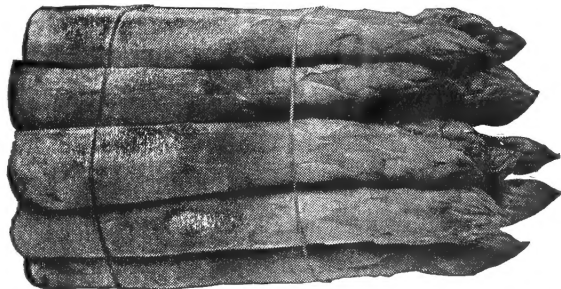

**MATURES A YEAR EARLIER—PLANT THIS SPRING
HARVEST FIRST CROP NEXT YEAR!**

For this year we offer this wonderful new variety from the market gardens of California—where only the best is grown. Again we predict that within a very short time Paradise will have supplanted all other kinds, and will be the standard market and commercial variety in all sections. It is similar in appearance to Mary Washington, and was developed as a sport of that variety by an Asparagus grower in Southern California. Stems are large, same color as Mary Washington, and equally resistant to rust.

The opportunities for a quick profit from Paradise are now greater than ever before. With America calling for increased production of all food stuffs, canners are demanding greater and greater supplies. Paradise fully meets their requirements, being especially suitable for both canning and freezing under new process.

PARADISE ASPARAGUS PRICES

	12	25	50	100	250	500	1000
1 yr.	\$0.50	\$0.90	\$1.45	\$2.50	\$5.50	\$10.00	\$17.50
2 yr.	.85	1.35	2.35	4.25	8.00	15.00	28.00

ZILKE'S RHUBARB

GIANT VICTORIA—Providing the first fresh fruit for pies and dessert in the spring. A few Rhubarb plants along one side of the garden will prove a real blessing. Don't confuse the new Giant Victoria with the old "pie plant" as this new variety really has a delicious peachy flavor. Plant it this spring and cut big, tender, pink and juicy stalks next spring. 25 roots will supply a big family the year around.

4 Rhubarb roots, 2 yr.

SPECIAL PRICE ----- **\$1.75**

DWARF FRUIT TREES

DWARF FRUIT TREES BEAR FULL SIZE FRUIT

The Dwarf Fruit Tree is especially adapted to the city or suburban home, where large-spreading standard-size fruit trees are not wanted. They may be worked into the landscape planting wherever you would like to use a flowering tree, or they may be planted in the lawn. These are the true dwarf trees that you have been reading about in the leading magazines. Trees are budded on special roots so that they will never grow very large or tall. They are extremely decorative, especially at spring blooming time, can be pruned to desired height and shape. A beautiful sight in the spring, when aglow with blooms. These trees are dwarf in size only, they will bear full size fruit in great abundance.

Dwarf Bartlett Pears

DWARF APPLES

HEIGHT AT MATURITY FROM 5 TO 7 FEET

We offer you the following 5 varieties of Dwarf Apple Trees.

Strong 3 year trees, 2 1/2 to 4 foot, \$3.25 each; 2 for \$6.00.

YELLOW TRANSPARENT—Skin is yellow, tender flesh. Summer apple.

EARLY MCINTOSH—White flesh, tender, sweet and refreshing. Summer apple.

RED ASTRACHAN—Juicy, tender, excellent cooking apple. Summer apple.

NORTHERN SPY—Hardy large red apple, crisp and tender. Winter apple.

MCINTOSH—White flesh, very juicy, tender, and refreshing. Winter apple.

SEMI-DWARF APPLES

SEMI-DWARF APPLE TREE HEIGHT AT MATURITY IS ABOUT 8 TO 10 FEET

In the semi-dwarf we offer you the following 6 varieties, we consider this list as about the best for dwarfing.

Strong Heavy 3 Year Trees, 3 1/2 to 5 ft. \$3.00 each; 2 for \$5.50.

CORTLAND—Beautiful red, excellent eating apple, winter variety.

YELLOW TRANSPARENT—Yellow skin, flesh is tender, subacid. Summer.

MCINTOSH—White fine flesh, juicy, tender and refreshing. Winter apple.

NORTHERN SPY—Large hardy red apple, tender and crisp. Winter.

EARLY HARVEST—Medium size apple, excellent for home use. Summer.

EARLY MCINTOSH—White, tender, sweet flesh, delicious and refreshing. Summer.

Genuine Dwarf Bartlett Pear Trees

BUDDED ON DWARF ROOT-STOCK, GROWS ABOUT 6 TO 10 FEET

We offer you the true BARTLETT DWARF PEAR, we consider this variety as the best for dwarfing. The BARTLETT is the most widely known and biggest selling pear in the world. Sets the standard by which other varieties are judged. Large, beautiful waxy yellow with red blush. White flesh, fine-textured, sweet, juicy and full flavored. Best for fresh desserts, canning, shipping and storage.

Strong 2 1/2 to 3 foot trees, \$2.50 each; heavy 3 to 4 foot trees, \$3.25 each.

Dwarf Trees Bear Full Size Fruit Abundantly

Zilke Brothers Nursery, Baroda, Michigan
